Handbook of Sports Studies Jay Coakley, Eric Dunning, 2000 An authoritative cast of international and inter disciplinary contributors present the best of current thinking in sports studies as the subject matures and develops academically

Instructor's Guide to Social Science of Play, Games and Sport , 1980 **Play, Games, and Sports in Cultural Contexts** Janet C. Harris, Roberta J. Park, 1983 From Balinese cockfights to American baseball the 24 contributions in this book examine the roles that play games and sport assume in their respective societies cultures and subcultures *The Anthropology of Sport* Kendall Blanchard, 1995-11-30 Anyone who reads the newspaper watches television or listens to casual conversation on the street is aware of the ubiquitous nature of sport It is everywhere It flavors our national culture and permeates every corner of our daily lives Sport in America as in many countries is big business popular culture and potent politics It has become its own medium of communication and has important ramifications for international and multicultural relationships There is no topic that should be of greater interest to social science in general and anthropology in particular than the study of human sport This volume presents theory history practice and institution of human sport **Sports Ethics in America** Donald G. Jones, 1992-04-30 A significant topic in American society sports ethics has also been the subject of an increasing number of scholarly studies during the past two decades Moreover a growing number of courses on sports are being offered at colleges and universities In *Sports Ethics in America* Donald G Jones provides a valuable reference tool for teaching and research in a variety of sports related disciplines The book is a comprehensive multidisciplinary bibliography with some 2 800 entries Entries include both scholarly works and works written by journalists during the two decades from 1970 to 1990 The volume is divided into five major sections 1 General Works and Philosophy 2 The Team Players and Coaches 3 The Game Competition and Contestants 4 Sport and Society and 5 Reference Works Each entry includes a brief listing of the subjects covered in the work The volume also includes a full subject index and an author index **Towards a Social Science of Drugs in Sport** Jason Mazanov, 2013-09-13 The debate around the role of drugs in sport is vibrant There is a wealth of evidence from the hard end of science telling us how drugs work how drug testing works and how many athletes have fallen foul of the system The evidence from social science is still building momentum For example what makes an athlete use a performance enhancing substance To win simply fails to explain the drug use behaviour we see among athletes This book provides a foundation for anyone trying to understand the drugs in sport problem beyond the hard science by looking at the people factor from different perspectives After building a case for the social science of drugs in sport it is examined from the ethical sociological economic legal and psychological points of view The book concludes with a definitive statement about what researchers policy makers sports administrators athletes and fans can do to achieve a social science of

drugs in sport that puts people firmly in the centre of the debate This volume was published as a special issue of Sport in Society Fundamentals of Sociology of Sport and Physical Activity Jamieson, Kathy, Smith, Maureen, 2016-08-09

Fundamentals of Sociology of Sport and Physical Activity presents information on sociology of sport to prepare readers for advanced study or practice in the field This text explores the impact of sport in society and examines careers in sport and physical activity **The Social Science Encyclopedia** Adam Kuper, 2004-10-14 The Social Science Encyclopedia first

published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society
