**Francesco Lo Piccolo, Annalisa
Mangiaracina, Giuseppe
Paternostro, Vincenzo Todaro**

Studi Di Storia Romana E Di Diritto:

Studi di storia romana e di diritto , **Studi di storia romana e di diritto** Umberto Laffi,2001 **Corruption in the Graeco-Roman World** Filippo Carlà-Uhink,Eike Faber,2024-12-16 Defining corruption is an incredibly difficult task Being at the same time a concept identifying illegitimate and illegal behaviors mostly connected to positions of power and a word indicating a process of moral degeneration corruption is hard to tackle and disentangle especially when one considers how it is perceived and discussed in public discourse As deviance from the norm corruption shifts continuously different cultures recognize different kinds of behavior as corrupt Nonetheless earlier studies on corruption in Greek and Roman antiquity have often tried to define which periods were more or less corrupt or how corruption influenced the demise of political orders for example in the late Roman republic or in late antiquity This volume develops a different approach focusing on the ways in which ancient sources literary texts papyri laws etc have understood and defined corruption to gain an emic perspective of corruption in different moments and contexts of Graeco Roman Antiquity The volume thus provides an innovative and comprehensive perspective on corruption and anti corruption in Greek and Roman antiquity thus providing relevant tools also for today s discussions about a topic which is and was always current The Oxford Handbook of Pre-Roman Italy (1000-49 BCE) Marco Maiuro,Jane Botsford Johnson,2024 The Oxford Handbook of Pre Roman Italy provides a comprehensive account of the many peoples who lived on the Italian peninsula during the last millennium BCE Written by more than fifty authors the book describes the diversity of these indigenous cultures their languages interactions and reciprocal influences It gives emphasis to Greek colonization the rise of aristocracies technological innovations and the spread of literacy which provided the urban texture that shaped the history of the Italian peninsula *A Companion to the Flavian Age of Imperial Rome* Andrew Zissos,2016-01-11 A Companion to the Flavian Age of Imperial Rome provides a systematic and comprehensive examination of the political economic social and cultural nuances of the Flavian Age 69 96 CE Includes contributions from over two dozen Classical Studies scholars organized into six thematic sections Illustrates how economic social and cultural forces interacted to create a variety of social worlds within a composite Roman empire Concludes with a series of appendices that provide detailed chronological and demographic information and an extensive glossary of terms Examines the Flavian Age more broadly and inclusively than ever before incorporating coverage of often neglected groups such as women and non Romans within the Empire Reading Roman Declamation Martin T. Dinter,Charles Guérin,Marcos Martinho dos Santos,2020 Reading Roman Declamation Seneca the Elder provides a comprehensive critical overview of Roman declamation as transmitted through Seneca the Elder s Controversiae and Suasoriae in fifteen accessible and up to date chapters by leading international scholars that seek to define the fundamentals of declamation as a literary genre **The Renaissance of Roman Colonization** Jeremia Pelgrom,Arthur Weststeijn,2020 In the past few decades the understanding of the relationship between nations has undergone a radical transformation The

role of the traditional nation state is diminishing along with many of the traditional vocabularies which were once used to describe what has been called ever since Jeremy Bentham coined the phrase in 1780 international law. The older boundaries between states are growing ever more fluid, new conceptions and new languages have emerged which are slowly coming to replace the image of a world of sovereign independent nation states which has dominated the study of international relations since the early nineteenth century. This redefinition of the international arena demands a new understanding of classical and contemporary questions in international and legal theory. It is the editors' conviction that the best way to achieve this is by bridging the traditional divide between international legal theory, intellectual history and legal and political history. The aim of the series therefore is to provide a forum for historical studies from classical antiquity to the twenty-first century that are theoretically informed and for philosophical work that is historically conscious in the hope that a new vision of the rapidly evolving international world, its past and its possible future may emerge. Book jacket

In and Out: Rights of Migrants in the European Space Francesco Lo Piccolo, Annalisa Mangiaracina, Giuseppe Paternostro, Vincenzo Todaro, 2024-05-21. This book examines contemporary migratory movements starting from the European zone but with an extension to other territorial contexts as well, with research orientation that focuses on the account of the migratory experiences collected in the research activity of the different authors according to a multidisciplinary dimension. Starting from these key topics, the authors articulated and further developed their reflections through their own experiences at the national and international level, taking root within the current scientific debate on migration. The interdisciplinary approach and the different and innovative ways of analysing in depth the thematic contents of the migration phenomenon have made it possible to identify some key research questions. The relative answers find space in the articulated and complex system of contributions that is developed within this book and in particular in the three thematic parts into which it is divided. The first one deals with the theme of migration confronted with issues related to the right to the city and the right to housing; the second one deals with issues related to human rights; finally, the third one focuses on the different narratives of migrants' life experiences and aspects related to the linguistic representation of the urban space.

The Censors as Guardians of Public and Family Life in the Roman Republic Anna Tarwacka, 2024-10-08. This volume explores the effects of the Roman censorial mark *nota censoria* and the influence of censorial regulations on the development of written law in ancient Rome. The censor was one of the most fascinating legal institutions of Republican Rome. One of the most colourful and anecdotal areas of censorial activities was in the upkeep of public morals, *regimen morum*, through which censors controlled private even intimate aspects of Roman life. Although the office of the censor has been studied by various scholars from prosopographical, historical and social perspectives, there has been no comprehensive study of its impact on the development of written law. This book aims to fill the gap by providing an overview of the applications of the *nota censoria* to demonstrate its impact on the development of numerous regulations in the field of private and public laws during the Republican and Imperial periods. This book explores

the relationship between magistrate law *ius honorarium* and *regimen morum* and how the activities of the censors in this area influenced the formation of praetorian edicts and later legislation during the Principate period most notably the marriage laws of Augustus By examining the influence of the censor and the censorial *nota* in these spheres readers will gain a new understanding of the overall significance of the censor's office in shaping the Roman legal order The Censors as Guardians of Public and Family Life in the Roman Republic will be of interest to students and scholars of Roman law in both the Republican and Imperial periods as well as to those interested in Roman moral attitudes and society more broadly

Crossing the Rubicon Luca Fezzi, 2020-01-07 A dramatic account of the fateful year leading to the ultimate crisis of the Roman Republic and the rise of Caesar's autocracy When the Senate ordered Julius Caesar conqueror of Gaul to disband his troops he instead marched his soldiers across the Rubicon River in violation of Roman law The Senate turned to its proconsul Pompey the Great for help But Pompey's response was unexpected he commanded magistrates and senators to abandon Rome a city that until then had always been defended The consequences were the ultimate crisis of the Roman Republic and the rise of Caesar's autocracy In this new history Luca Fezzi argues that Pompey's actions sealed the Republic's fate Drawing on a wide range of primary sources including Cicero's extensive letters Fezzi shows how Pompey's decision shocked the Roman people severely weakened the city and set in motion a chain of events that allowed Caesar to take power Seamlessly translated by Richard Dixon this book casts fresh light on the dramatic events of this crucial moment in ancient Roman history

Enjoying the Tune of Phrase: An Mental Symphony within **Studi Di Storia Romana E Di Diritto**

In a global eaten by screens and the ceaseless chatter of fast transmission, the melodic elegance and emotional symphony developed by the written word frequently disappear into the backdrop, eclipsed by the constant noise and interruptions that permeate our lives. But, located within the pages of **Studi Di Storia Romana E Di Diritto** a marvelous literary prize full of organic feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this captivating masterpiece conducts viewers on a mental journey, skillfully unraveling the concealed tunes and profound impact resonating within each cautiously constructed phrase. Within the depths of the emotional analysis, we can discover the book is key harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
