## **Studies In Demetrius On Style:**

*Studies in Demetrius On Style* Dirk Marie Schenkeveld,1964      **Selected works of J. L. Vives. 3. De conscribendis epistolis** Juan Luis Vives,1989      *Translation and Style in the Old Greek Psalter* Jennifer Brown Jones,2021-11-15 While some describe the Greek Psalter as a slavish or interlinear translation with dreadfully poor poetry how would its original audience have described it Positioning the translation within the developing corpus of Jewish Greek literature Jones analyzes the Psalter s style based on the textual models and literary strategies available to its translator She demonstrates that the translator both respects the integrity of his source and displays a sensitivity to his translation s performative aspects By adopting recognizable and acceptable Jewish Greek literary conventions the translator ultimately creates a text that can function independently and be read aloud or performed in the Jewish Greek community      **Colometric Analysis of Paul's Letters** Priscille Marschall,2024-03-13 Priscille Marschall explores some stylistic aspects of Paul s letters in particular their oral oriented logic of structuration employing Chapters 10 13 of Second Corinthians as a case study The method of analysis draws upon the rhetorical treatises of the Greco Roman world      **The Cambridge History of Classical Literature: Volume 1, Greek Literature, Part 4, The Hellenistic Period and the Empire** P. E. Easterling,B. M. W. Knox,1989-05-04 The emphasis of this volume is on Greek literature produced in the period between the foundation of Alexandria late in the fourth century B C and the end of the high empire in the third century A D Here we see a shift away from the city states of the Greek mainland to the new centres of culture and power first Alexandria under the Ptolemies and then imperial Rome Greek literature being traditionally cosmopolitan adapted to these changes with remarkable success and through the efficiency of the Hellenistic educational system Greek literary culture became the essential mark of an educated person in the Graeco Roman world      *Encyclopedia of Rhetoric and Composition* Theresa Enos,2013-10-08 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company      *Studies in Demetrius on style* ,1964      *Paroimia and Parrësia in the Gospel of John* Thomas Tops,2022-02-07 The language of the Gospel of John is known for its complexity On the basis of the modern standards of transparency and logic previous scholars have depicted this language as obscure confusing and mysterious Thomas Tops goes beyond these oversimplifications by providing an in depth historical study of John s characterisation of Jesus language with the terms paroimia and parr e sia By providing original insights in these terms the author offers a new perspective on the functioning of Johannine language As the Johannine Jesus teaches both through paroimia and parr e sia his language conceals and reveals at the same time His criticism is veiled and calls on its addressees to search for the hidden meanings of his words Veiled speech allows the Johannine Jesus to criticise his opponents and openly reveal his messianic identity to those who cannot accept the truth in any other way      **The Soldier's Choice** Hayden Pelliccia,Charles Brittain,Harvey Yunis,2025-10-15 In the pitch of battle according to Pericles the Athenian citizen soldier chooses to die rather than leave undefended the democratic principles that Athens embodies this defines The Soldier s

Choice The great war between Sparta and Athens dominated the Greek world for twenty seven years 431 404 BCE and shaped much of the culture it bequeathed to posterity The Sparta of that era did not produce writers but Athens did Thucydides an unsuccessful general in the war became its first historian Aristophanes Greece s greatest comic poet devoted the first quarter century of his career to plays about the war the foundational figure of Western philosophy Plato grew up in its shadow and populated his works with men of the war generation Because their writings belong to different genres these three seminal figures have rarely been treated together an oversight The Soldier s Choice decisively corrects As prominent members of a small intellectual community each of the three wrote in profound engagement with the currents represented by the others The contributors to this volume experts in the relevant genres reveal and explore these long neglected interactions Contributors Sara Forsdyke Edith Foster Terence Irwin Richard Kraut Mary Margaret McCabe Heinz G nther Nesselrath Hunter R Rawlings III Ralph M Rosen Jeffrey Rusten Victoria Wohl Nancy Worman Harvey Yunis J.L. Vives: De conscribendis Epistolis Juan Luis Vives, 2023-03-20 The study of Vives is mainly still dependent upon the well known Opera Omnia Valencia 1782 1790 8 volumes provided by Majansius Though this edition has manifest merits it cannot stand the test of present day criticism It does not offer a critical apparatus thus being useless for the study of the evolution of Vives thought on the basis of the revisions he made in his publications Nor does it contain a systematically worked out apparatus fontium which makes it possible to assess Vives knowledge of the ancient literature crucial for an accurate understanding of his humanist education and evolution Finally the legibility of Majansius edition is impaired by the often misleading division into paragraphs rather idiosyncratic orthography and punctuation The aim of this series is primarily to provide critical editions Consequently the text is accompanied by a critical apparatus and an apparatus fontium supplemented with 3 indices an index nominum an index locorum and an index verborum memorabilium in which language use at variance with the Thesaurus Linguae Latinae will be indicated In addition an English translation with a restricted set of notes is provided The main consideration however remains the critical edition The notes to the translation do not replace the information compiled in the apparatus fontium So in using the present publication one should not restrict oneself to the right hand page a fact which the editors wish to emphasize
