Research Handbook on Foreign Direct Investment Markus Krajewski ,Rhea Tamara Hoffmann, Increasing international investment the proliferation of international investment agreements domestic legislation and investor State contracts have contributed to the development of a new field of international law that defines obligations between host states and foreign investors with investor State dispute settlement This involves not only vast sums but also a panoply of rights duties and shifting objectives at the juncture of national and international law and policy This engaging Research Handbook provides an authoritative account of these diverse investment law issues

Driving Business Success Through Eco-Friendly Strategies Kulkarni, Shrikaant, Valeri, Marco, William, P., 2025-02-12 The integration of business management with sustainability practices is crucial as organizations strive to balance profitability with environmental responsibility By utilizing interdisciplinary knowledge such as computer simulation models predictive analytics and mathematical tools businesses can optimize decision making and foster green practices These approaches not only address the complexities of modern business but also help create sustainable ecosystems that ensure long term success while minimizing environmental impact Driving Business Success Through Eco Friendly Strategies provides businesses with a comprehensive understanding of how eco friendly strategies can be leveraged to drive long term success and sustainability It further illustrates how integrating environmentally responsible practices can lead to increased profitability operational efficiency and a stronger brand reputation ultimately contributing to a competitive edge in the marketplace Covering topics such as artificial intelligence AI renewable energy and user management this book is an excellent resource for researchers students academicians business professionals industrialists and more

Asian Foreign Direct Investment in Europe Prana Krishna Biswas, Robert Dygas, 2021-07-14 This book analyses the most recent trends in Foreign Direct Investment from the major Asian economies to the EU focusing on China and Japan s FDI in the EU and Poland in particular The authors assert that from a European perspective there is a strong need for further Asian FDI into EU nations which will establish mutual benefits This is the first book to explore the outflow of FDI from Asian nations to other countries especially to EU member states whereas the extant literature focuses on the inflow of FDI to Asian nations The authors analyse a multidimensional range of issues covering macroeconomics finance technology and examine the governments local authorities and institutions that support such investments FDI has an instrumental role in the development of host countries Large scale capital flow becomes a vehicle for providing foreign technology knowledge skills and other inputs for the integration with international marketing production and distribution networks and for improving the economic competitiveness of firms and economic performance of the host country The analysis in the book is presented using statistical and econometrical approaches emphasising a profound level of investigation which will be particularly useful for graduate

and PhD students of International Economics Business and Trade **The BRICS Studies** Xu Xiujun, 2020-05-14 Given their immense potential for development and representation of a new international political and economic order the BRICS countries have become a strong nascent force on the global stage However as overall economic growth continues to slow down and the geopolitical situation becomes more complex the BRICS countries are facing a series of new challenges that require further development in the way they cooperate with one another This volume offers a panoramic view of cooperation between the BRICS countries in the light of these new challenges The editors reveal that policy coordination has been strengthened bringing into play complementary advantages as viable ways for promoting robust sustainable and balanced growth in the world economy They argue that the experience gained and lessons learned in the development of and cooperation between the BRICS countries has offered a positive role model for cooperation between other countries as well as providing valuable lessons for research in international politics Students and scholars in international relations and politics will benefit from this volume **Foreign Investment in the Energy Sector** Eric De Brabandere, Tarcisio

Gazzini, 2014-06-05 Foreign investments in the energy sector raise formidable legal questions often requiring a delicate balance between private and public interests of the various stakeholders Foreign Investment in the Energy Sector Balancing Private and Public Interests opens with a discussion of the legal protection of foreign investment in the main segments of the energy sector namely oil gas mining and hydroelectric industry both in substantive and procedural terms This second part of the book focuses on the Energy Charter Treaty by far the most important international legal instrument in the energy sector and its future after the decision of the Russian Federation not to ratify it In its third part the book examines four critical areas that are often negatively concerned by economic activities by multinational in the energy sector namely compliance with safety and labour standards protection of the environment respect of indigenous peoples rights and protection of public health Foreign Investment in the Energy Sector Balancing Private and Public Interests a comprehensive collection of essays from experts and practitioners offers an important new resource to the field Internationalization of Industry Silvio

Borner, 2012-12-06 About 10 years ago the first very small steps towards this book were taken The starting point was marked by the deep and sudden slump of the Swiss economy in the mid seventies a crisis wiping out about 10 percentage points of GNP and employment within just two years To this writer it was clear from the beginning that neither the exogenous shocks nor the structural changes were in fact exogenous or structural They were given and shaped by global forces They were part and parcel of capitalist development There is no other highly developed country in the world which is so extremely and integrally exposed to world wide currents of financial and economic changes as Switzerland The degree and dimensions of openness of the Swiss economy led to the formulation of our research approach for studying the internationalization of the economy a topic theoretically and politically developed in this book Empirical evidence relates to our study of Swiss experience A well known Swiss American economist offered the following comment on our previous work on the

internationalization of industry You are very good in raising interesting questions What was undoubtedly meant as a criticism was received as a compliment Too much talent and too many research efforts are in my opinion wasted by research programs which place technique over substance This unfortunate development in our profession has already greatly reduced the social utility of economists

Research Handbook on Environment and Investment Law Kate Miles, 2019 The Research Handbook on Environment and Investment Law examines one of the most dynamic areas of international law the interaction between international investment law and environmental law and policy The Research Handbook takes a thematic approach analysing key issues in the environment investment nexus such as freshwater resources climate biodiversity biotechnology and sustainable development It also includes sections which explore regional experiences and address practice and procedure and offers innovative approaches and critical perspectives including the interface between foreign investment and the environment with human rights gender indigenous peoples and economics

Investment Protection Standards and the Rule of Law August Reinisch, Stephan W. Schill, 2023 This edited volume explores the connection between the rule of law and substantive standards of treatment in international investment agreements It also analyses to what extent these standards of treatment can be understood as positive expressions of the rule of law

The Legitimacy of Investment Arbitration Daniel Behn, Ole Kristian Fauchald, Malcolm Langford, 2022-01-13 International investment arbitration remains one of the most controversial areas of globalisation and international law This book provides a fresh contribution to the debate by adopting a thoroughly empirical approach Based on new datasets and a range of quantitative qualitative and computational methods the contributors interrogate claims and counter claims about the regime s legitimacy The result is a nuanced picture about many of the critiques lodged against the regime whether they be bias in arbitral decision making close relationships between law firms and arbitrators absence of arbitral diversity and excessive compensation The book comes at a time when several national and international initiatives are under way to reform international investment arbitration The authors discuss and analyse how the regime can be reformed and how a process of legitimation might occur
