Studies In Jewish Philosophy Collected Essays Of The Academy For Jewish Philosophy 1980 1985:

Studies in Jewish Philosophy Norbert Max Samuelson, Academy for Jewish Philosophy (U.S.), 1987-01-01 This book brings together for the first time a collection of essays by some of the most distinguished contemporary Jewish philosophers on issues such as the nature of Jewish philosophy from the perspectives of general philosophy classical Jewish philosophy and Jewish law the role of reason and revelation as authority in Judaism and the impact of contemporary philosophy of history and language on Judaism The book is a living record of the revitalization of Jewish philosophy in the post Holocaust world Co published with Studies in Judaism □□□ □□□□□□ □□□□□□□□□□? Raphael Jospe, 1988 **The Future of Jewish Philosophy**

Hava Tirosh-Samuelson, Aaron W. Hughes, 2018-08-13 This anthology of original essays reflects on the future of Jewish philosophy in light of the Library of Contemporary Jewish Philosophers Brill 2013 2018 The volume assesses the strengths of Jewish philosophy explores the place of Jewish philosophy within the Western academy as a critique of and contribution to the discipline of philosophy and showcases the relevance of Jewish philosophy to contemporary Jewish culture The volume argues that Jewish philosophy is more vibrant diverse and culturally significant than its public image implies Special attention is paid to the interdisciplinary nature of Jewish philosophy the institutional settings for generating Jewish philosophy and the contribution of philosophizing to contemporary Jewish self understanding **Norbert M. Samuelson:**

Reasoned Faith Hava Tirosh-Samuelson, Aaron W. Hughes, 2015-08-25 Norbert M Samuelson is Harold and Jean Grossman Chair of Jewish Studies and Professor of Religious Studies at Arizona State University in Tempe Arizona Trained as an analytic philosopher he went on to establish the Academy of Jewish Philosophy in 1980 which contributed greatly to the professionalization of Jewish philosophy in America An ordained Reform rabbi a constructive theologian and a public intellectual Samuelson has insisted that philosophy is the very heart of Judaism and that in order to survive in the 21st century Judaism must rethink itself in light of contemporary science Through his scholarship and organizational work he has brought a Jewish voice to the dialogue of religion and science Viewing Jewish philosophy as central to the understanding of the Jewish past Samuelson has explicated the philosophical dimension of Judaism from the Bible to the present *The Evolution of Jewish Monotheism* David Michael Grossberg, 2025-02-27 In this book David Michael Grossberg offers a fresh and illuminating perspective on the three thousand year evolution of Jewish monotheism by narrating the history of God is one as a religious slogan from the ancient to the modern world Although God is one has been called Judaism s primary testimony of faith its meaning has been obscure and contentious from its earliest emergence From the Bible s acclamatory the Lord is one to Philo of Alexandria s highest Word just secondary to God from the Talmud s rejection of two powers in heaven to the philosophers First Existent who is one beyond unity from the Kabbalists tenfold Godhead to Spinoza s one substance this innovative history demonstrates the remarkable diversity encompassed by this deceptively simple Jewish statement of faith Grossberg shows how this diversity is unified in a continuous striving for knowledge of God that has been

at the heart of Judaism from its earliest beginnings *Creating a Judaism Without Religion* Daniel S. Breslauer, 2001-09 This book examines how some modern and contemporary Jewish thinkers and writers have imagined a Judaism without the boundaries and restrictions that go by the name of religion The book offers scholarly insights into some Jewish thinkers notably Martin Buber and Eugene Borowitz some Jewish writers in particular the poet Hayyim Nahman Bialik and the Yiddish author I L Peretz The study also introduces more contemporary thinkers and writers such as the postmodernist Jacques Derrida the contemporary Israeli novelist David Grossman and the young Israeli poet Ilan Sheinfeld While of scholarly interest the ten chapter work has more general appeal as a way of conceiving Jewish living outside the restrictions of religion One third of the book suggests a way of looking at God and theology as part of the process of living rather than as fixed realities Another third explores how Jewish culture can be liberated from the restrictions of nationalism and parochialism The final third focuses on a postmodern ethics of the self that emerges from face to face meetings with others The author contends that the future Judaism has created will be pluralistic diverse and oriented toward the future **Judaism and Modernity** Gillian Rose, 2017-03-28 A reinterpretation of thinkers from Benjamin and Rosenzweig to Simone Weil and Derrida *Judaism and Modernity Philosophical Essays* challenges the philosophical presentation of Judaism as the sublime other of modernity Here Gillian Rose develops a philosophical alternative to deconstruction and post modernism by critically re engaging the social and political issues at stake in every reconstruction **Persia and Rome in Classical Judaism** Jacob Neusner, 2008 *Persia and Rome in Classical Judaism* examines the representation of Rome and Persia Iran in the successive groups of documents that comprise the Rabbinic canon of late antiquity Neusner considers how diverse documents of Rabbinic Judaism represent Rome and Iran and presents the way in which documentary differentiation affords perspective on the history of Judaism Axial events of the age the destruction of the second Temple in 70 and the defeat of the effort to restore it in 135 the transformation of the Roman Empire into a Christian state in the fourth century the failure to rebuild the Temple when the opportunity arose in the reign of Emperor Julian and the delegitimation of Israelite institutions in Byzantine Rome allow us to examine in historical and political context the evidence of the formation of normative Judaism

BOOK JACKET *Lost Documents of Rabbinic Judaism* Jacob Neusner, 2010-07-15 The canonical documents of Rabbinic Judaism impose upon most of their components fixed patterns of rhetoric recurrent logic of coherent discourse and a well defined topic or program for example a commentary on a biblical book or on a legal topic But some few compositions and composites of the Rabbinic canon of late antiquity diverge from the formal norms of the compilations in which they occur In these pages Neusner assembles anomalous compositions that occur in the Mishnah Tosefta four Tannaite Midrashim and Genesis Rabbah and he further tests the uniformity of the forms that govern in a familiar chapter of the Bavli Neusner s surveys show for the documents probed here that some small segment of the composites and compositions of the surveyed documents does not conform to the indicative rules of rhetoric topic and logic Consequently we face the challenge of

constructing models of lost documents of the Rabbinic canon conforming to the models governing anomalous compositions. These follow other topical and rhetorical norms and therefore belong in other different types of documents from those in which they now are located. These anomalous writings in topic, logic or rhetoric or all three in theory reveal indicative characteristics other than the ones defining the compositions and composites of the documents in which they are now located.

Chapters in the Formative History of Judaism Jacob Neusner, 2010-07-15. This collection of eight essays draws on a half year of work the second six months of 2009. Neusner takes up three problems in the history of Religions: four essays on fundamental issues in form, history and the documentary hypothesis of the Rabbinic canon and one theological essay. The reason Neusner periodically collects and publishes essays and reviews is to give them a second life after they have served as lectures or as summaries of monographs or as free standing articles or as expositions of Judaism in collections of comparative religions. This re presentation serves a readership to whom the initial presentation in lectures or specialized journals or short run monographs is inaccessible. Some of the essays furthermore provide a pr cis for colleagues in kindred fields of fully worked out monographs: the comparative Midrash exercise for example.
