Studies In Monastic Theology:

Studies in Monastic Theology ,1980 **The Story of Monasticism** Greg Peters,2015-08-11 Some evangelicals perceive monasticism as a relic from the past a retreat from the world or a shirking of the call to the Great Commission At the same time contemporary evangelical spirituality desires historical Christian manifestations of the faith In this accessibly written book Greg Peters an expert in monastic studies who is a Benedictine oblate and spiritual director offers a historical survey of monasticism from its origins to current manifestations Peters recovers the riches of the monastic tradition for contemporary spiritual formation and devotional practice explaining why the monastic impulse is a valid and necessary manifestation of the Christian faith for today s church **The Monkhood of All Believers** Greg Peters,2018-11-06 Although the institution of monasticism has existed in the Christian church since the first century it is often misunderstood Greg Peters an expert in monastic studies reintroduces historic monasticism to the Protestant church articulating a monastic spirituality for all believers As Peters explains what we have known as monasticism for the past 1 500 years is actually a modified version of the earliest monastic life which was not necessarily characterized by poverty chastity and obedience but rather by one s single minded focus on God a single mindedness rooted in one s baptismal vows and the priesthood of all believers Peters argues that all monks are Christians but all Christians are also monks To be a monk one must first and foremost be singled minded toward God This book presents a theology of monasticism for the whole church offering a vision of Christian spirituality that brings together important elements of history and practice The author connects monasticism to movements in contemporary spiritual formation helping readers understand how monastic practices can be a resource for exploring a robust spiritual life **The Monastic Theology of Aelred of Rievaulx** Amédée Hallier,1969 **Reclaiming Humility** Jane Foulcher,2015 Does humility have a place in contemporary life Were Enlightenment thinkers wrong to reject humility as a monkish virtue Hume arising from a slave morality Nietzsche Australian theologian Jane Foulcher recovers the counter cultural reading of humility that marked early Christianity and examines its trajectory at key junctures in the development of Western monasticism Humility emerges not as a moral virtue achieved by human effort but as a way opened by grace as a divine climate Christian de Cherg that we are invited to inhabit From fourth century Egypt to twentieth century Algeria via Saint Benedict and Saint Bernard of Clairvaux Dr Foulcher s compelling analysis of theology and practice challenges the church to reclaim Christian humility as essential to its life and witness today **Consider Your Call** Daniel Rees,1980 **The Theologian's Enterprise** Fr. Aidan Nichols, O.P.,2020 In this brief guide an internationally acclaimed theologian and Dominican priest explains the approach to Catholic theology that he has worked out during his nearly forty years of publishing books and articles in the service of the Church He looks at the nature of theology its status as a science that is also a wisdom its intrinsic principles and methods its sources and its subdivisions He discusses the qualities the budding theologian must make his own if theology is to be authentically Catholic and assist rather than hinder the Church s mission In

a time of considerable confusion in the intellectual life of the Church arising not only from professors but from hierarchs The Theologian's Enterprise offers comprehensive yet concise counsel to those setting out in the study of their faith perhaps for the first time **Studies in Monastic Theology** Odo Brooke, 1980 **Encyclopedia of Monasticism: A-L** William M.

Johnston, 2000 First published in 2000 Routledge is an imprint of Taylor Francis an informa company Treatise on Monastic Studies Dom Jean Mabillon, 2004-07-08 Publisher description Treatise defending the propriety of study and research as an occupation for monks and laying out a course of studies for young Benedictines training to be scholars Includes a translator's introduction suggestions for further readings on the 17th century monastic studies controversy Mabillon's marginal notes and a bibliography of all published works mentioned in the text
