Studies In Socialist Pedagogy:

The Struggle For Pedagogies Jennifer Gore, 2013-02-01 Jennifer M Gore examines analyses and offers directions for the debate between critical pedagogy and feminist pedagogy one of the fiercest within education theory **Adult Education and Socialist Pedagogy** Frank Youngman, 2018-11-12 Originally published in 1986 this book was written at a time of increasing pressure on traditional areas of secondary and higher education and changing employment patterns a situation which still exists today Then as now there is increased awareness that the continuing education of adults has a vital role to play in our society This volume develops a socialist pedagogy within adult education using a Marxist theoretical framework It proposes socialism as the radical form of change necessary to remove obstacles to greater social justice and educational equality and studies the implications of this political position for adult education *Ideology, Culture & the Process of Schooling* Henry A. Giroux, 1984-10 This book lays bare the ideological and political character of the positivist rationality that has been the primary theoretical underpinning of educational research in the United States These assumptions have expressed themselves in the form and content of curriculum classroom social relations classroom cultural artifacts and the experiences and beliefs of teachers and students Have existing radical critiques provided the theoretical building blocks for a new theory of pedagogy The author attempts to move beyond the abstract negative characteristics of many radical critiques which are often based on false dualisms that fail to link structure and intentionally content and process ideology and hegemony etc He also is critical of the over determined models of socialization and the abstract celebration of subjectivity that underlies much of the false utopianism of many radical perspectives Professor Giroux begins to lay the theoretical groundwork for developing a radical pedagogy that connects critical theory with the need for social action in the interest of individual freedom and social reconstruction Author note Henry A Giroux is Assistant Professor of Education at Boston University He is the co editor of Curriculum and Instruction Alternatives in Education and The Hidden Curriculum and Moral Education **Marxism/Structuralism/Education (RLE Edu L)** Madan Sarup, 2012-05-04 This interdisciplinary textbook provides an introduction to the many theoretical developments and controversies which took place in the sociology and politics of education during the 1970s and 80s The book Discusses the arguments concerning humanist and structuralist Marxism Provides a clear and concise introduction to structuralism and post structuralism work of Derrida Lacan and Foucault and theorises in the ways they contribute to Marxism or are subversive of it Relates these theoretical perspectives to education and the practice of teachers Routledge Library Editions: Adult Education Various Authors, 2021-07-14 Against a background of profound worldwide social and economic change the concept of lifelong learning has come increasingly into the public eye As educators and policy makers rethink the meaning of education the purpose of schooling and the place of learning in our everyday lives educational institutions are opening up to those traditionally deprived of the opportunity The books in this set originally published between 1979 and 1992 including global case studies reflect upon

major issues confronting adult educators worldwide and discuss the role of adult education in social and community action
examine the relationship between class and adult education look at the concept of culture and the transmission of cultural
values in relations to adult education evaluate the role of adult education in reducing unemployment **Radicalizing**

Learning Stephen D. Brookfield, John D. Holst, 2010-10-19 Radicalizing Learning calls for a total rethinking of what the field
of adult education stands for and how adult educators should assess their effectiveness Arguing that major changes in society
are needed to create a more just world the authors set out to show how educators can help learners envision and enact this
radical transformation Specifically the book explores the areas of adult learning training teaching facilitation program
development and research Each chapter provides a guide to the different paradigms and perspectives that prevail across the
field of theory and practice The authors then tie all of the themes into how adult learning for participatory democracy works
in a diverse society Routledge Library Editions: Education Mini-Set L Sociology of Education Various, 2021-06-23 Mini set

L Sociology of Education re issues 48 volumes originally published between 1928 and 1990 The books in this mini set discuss
