Studies In The History Of Art Volume 17 Raph:

The Cambridge Companion to Raphael Marcia B. Hall, 2005-03-07 This book examines all facets of the High Renaissance painter Raphael *Raphael at the Metropolitan* Linda Wolk-Simon, 2006 Raphael has been the indispensable reference point for countless artists great and small Italian and non Italian His frescoes in the Vatican quickly asserted themselves as paradigms of the Grand Manner while his serenely beautiful Madonnas and calmly dignified portraits redefined their respective genres The combination of clarity and complexity in his compositions results in an ineffable quality of innate grace that many artists have since tried to emulate Not only Parmigianino Carracci Poussin Ingres and Degas but Caravaggio Rembrandt Manet and Picasso also mined Raphael's works for inspiration The Colonna Altarpiece is the only altarpiece by Raphael in an American collection Raphael painted this work in his early twenties for a convent of nuns in Perugia on the eve of his move to Florence The two main panels of the altarpiece were bought by former Museum president J Pierpont Morgan and later given as a gift to the Museum's Collection in 1916 This volume accompanies an exhibition that reunites all seven parts of the altarpiece for the first time since the seventeenth century the two main panels in the Metropolitan together with the five components of its predella divided among the Metropolitan the Isabella Stewart Gardner Museum in Boston and the National Gallery and the Dulwich Picture Gallery both in London Also included is a fine selection of paintings and drawings by Raphael executed during the same period 1502-5 A D Additionally this exhibition showcases a preliminary study now in the Ashmolean Museum in Oxford for the landscape in the Metropolitan's altarpiece as well as the beautiful painting Madonna and Child with a Book from the Norton Simon Art Foundation in Pasadena These works document one of the pivotal moments in Raphael's career when the young artist abandoned Perugia in Umbria and set his sights on Florence where he encountered the work of Fra Bartolommeo and Leonardo da Vinci To contextualize the transformative effect of this move paintings by his master Perugino as well as by Pinturicchio and Fra Bartolommeo are also exhibited Metropolitan Museum of Art website **Emotions, Art, and Christianity in the Transatlantic World, 1450-1800** Heather Graham, Lauren G. A Raphael Madonna and Child Oil Painting: A Forensic Analytical Evaluation Howell G. M. Edwards, 2024-10-22 This book presents a comprehensive forensic analysis of an oil painting depicting a Madonna and Child in a tondo format previously thought to be a Victorian copy Detailed historical and scientific studies confirm that this painting was in fact created by Raphael around 1512 as a study for his renowned Sistine Madonna commissioned by Pope Julius II as an altarpiece for the monastic church of San Sisto in Piacenza The painting underwent rigorous forensic examination combining historical research with both invasive and non invasive scientific imaging techniques The analysis utilized advanced physical and chemical instrumentation to determine the painting s authenticity and accurate chronological placement A comparative review of published chemical analyses of pigments dyes and substrates used in Raphael s works from collections worldwide is included Additionally this study explores the innovative use of artificial intelligence AI for facial comparison between the

figures in the tondo painting the Sistine Madonna and other Raphael artworks These AI generated insights provide novel information about the identities of Raphael s models and shed light on his working techniques as well as those of his associates

Artibus Et Historiae ,2009 **Tracing the Visual Language of Raphael’s Circle to 1527** Alexis R. Culotta,2020-06-22 In Tracing the Visual Language of Raphael s Circle to 1527 Alexis Culotta examines how the Renaissance master s style one infused with borrowed visual quotations from other artists both past and present proved influential in his relationship with associate Baldassare Peruzzi and in the development of the artists within his thriving workshop Shedding new light on the important yet often overshadowed figures within this network this book calls upon key case studies to convincingly illustrate how this visual language and its recombination evolved during Raphael s Roman career and subsequently served as a springboard for artistic innovation for these close associates as they collaborated in the years following Raphael s death
