Baroquemanía Laura Moure Cecchini, 2022-01-11 Baroquemanía explores the intersections of art architecture and criticism to show how reimagining the Baroque helped craft a distinctively Italian approach to modern art Offering a bold reassessment of post unification visual culture the book examines a wide variety of media and ideologically charged discourses on the Baroque both inside and outside the academy Key episodes in the modern afterlife of the Baroque are addressed notably the Decadentist interpretation of Gianlorenzo Bernini the 1911 universal fairs in Turin and Rome Roberto Longhi's historically grounded view of Futurism architectural projects in Fascist Rome and the interwar reception of Adolfo Wildt and Lucio Fontana's sculpture Featuring a wealth of visual materials Baroquemanía offers a fresh look at a central aspect of Italy's modern art

Bernini Claude Douglas Dickerson (III), Gian Lorenzo Bernini, Anthony Sigel, Ian Wardropper, 2012 The brilliantly expressive clay models created by Gian Lorenzo Bernini 1598-1680 as sketches for his works in marble offer extraordinary insights into his creative imagination Although long admired the terracotta models have never been the subject of such detailed examination This publication presents a wealth of new discoveries including evidence of the artist's fingerprints imprinted on the clay resolving lingering issues of attribution while giving readers a vivid sense of how the artist and his assistants fulfilled a steady stream of monumental commissions Essays describe Bernini's education as a modeler his approach to preparatory drawings his use of assistants and the response to his models by 17th century collectors Extensive research by conservators and art historians explores the different types of models created in Bernini's workshop Richly illustrated Bernini transforms our understanding of the sculptor and his distinctive and fascinating working methods Publisher's website

Transnational Italian Studies Charles Burdett, Loredana Polezzi, 2020-07-17 Transnational Italian Studies is specifically targeted at a student audience and is designed to be used as a key text when approaching the disciplinary field of Italian studies It allows the study of Italian culture to be construed and practised not simply as the inquiry into a national tradition but as the study of the interaction of cultural practices both within Italy itself and in those parts of the world that have witnessed the extent of Italian mobility The text argues that Italian culture needs to be considered in a transnational transcultural perspective and that an understanding of linguistic and cultural translation underlies all approaches to the study of Italian culture in a global context Contributions deploy a range of methodological approaches to understand and illustrate how language operates how culture inhabits and constitutes public and private space how notions of time operate within people's lives and the multiple ways in which people experience a sense of personhood Chapters stretch from the medieval period to the present and demonstrate how transnational Italian culture can be critically addressed through the examination of carefully chosen examples Contributors Alessandra Diazi Andrea Rizzi Barbara Spadaro Charles Burdett Clorinda Donato David Bowie Derek Duncan Donna Gabaccia Eugenia Paulicelli Fabio
