

IDEOLOGY

An ideology is a belief system that underpins a political or economic theory. Ideologies form the operating principles for running a society.

EXPLANATION

We often think of ideologies as fitting along a left-right political spectrum with communism on the left and authoritarian nationalism on the far right.

However, throughout history, there has been a vast array of organizing ideologies for societies that don't conform to this spectrum. For example, dominant 18th century ideologies were based on theocratic and dynastic principles.

EXAMPLES
