Studies Of The Of Mormon:

Studies of the Book of Mormon Brigham Henry Roberts, 1985 Published for the first time fifty years after the author's death *Studies of the Book of Mormon* presents a respected member of the LDS hierarchy's investigation into Mormonism's founding scripture Reflecting his talent for combining history and theology B H Roberts considered the parallels between the Book of Mormon and Ethan Smith's *View of the Hebrews* which predated publication of the Latter day Saint scripture by seven years If the Book of Mormon reflects misconceptions current in Joseph Smith's day regarding Indian origins are its theological claims suspect Roberts wondered **Mormon Studies** Ronald Helfrich, Jr., 2021-12-30 Mormonism arose in early 19th century New York and has fired the imaginations of its devotees critics and students ever since Some intellectuals and academics read Mormonism as the product of economic change wrought by the Erie Canal in the Burned over District of western New York State and upper north eastern Ohio Others read Mormonism as an authoritarian reaction to Jacksonian democracy Finally some including most of those who became Mormons in the early 19th century and most of those who are believing Mormons today read Mormonism as the intervention of God in human history This book engages with Mormon Studies from its beginnings in the early nineteenth century to the end of the 20th century It covers those who fought over Mormonism's truth or falsity on those who tried to understand Mormonism as a religious and sociological phenomenon and on those who explored the history of Mormonism from a more dispassionate perspective It concludes with an exploration of the culture war that erupted as Mormon Studies professionalized particularly after the 1960s **Danites Research Secret**

Mormon Killers , *A Documentary History of the Book of Mormon* , 2019-01-09 A Documentary History of the Book of Mormon transcribes and annotates a wide variety of primary source documents related to the origins of the long ridiculed narrative that launched a new world religion **Studies** Brigham Young University, 1925 *Studies in Social Progress in the Gospel of the Kingdom* , 1913 *Brigham Young University Studies* , 1925 **Book of Mormon Studies** Daniel Becerra, Amy Easton-Flake, Nicholas Frederick, Joseph Spencer, 2022-05-09 Where does one go to learn more about Book of Mormon studies For those who do not regularly engage with scholarship it's hard to know how to begin Currently there's no general guide to Book of Mormon scholarship available to the public Given all that's happened in the last few decades and especially all that's happening right now in Book of Mormon studies this situation needs to be remedied This introduction breaks down Book of Mormon studies from its history to the obstacles that will need to be overcome as it moves forward Additionally this introduction provides readers with resources that they can turn to for further information on Book of Mormon studies **Believing History** Richard Lyman Bushman, 2007-02-13 The eminent historian Richard Bushman here reflects on his faith and the history of his religion By describing his own struggle to find a basis for belief in a skeptical world Bushman poses the question of how scholars are to write about subjects in which they are personally invested Does personal commitment make objectivity impossible Bushman explicitly and at points confessionally explains his own commitments and

then explores Joseph Smith and the Book of Mormon from the standpoint of belief Joseph Smith cannot be dismissed as a colorful fraud Bushman argues nor seen only as a restorer of religious truth Entangled in nineteenth century Yankee culture including the skeptical Enlightenment Smith was nevertheless an original who cut his own path And while there are multiple contexts from which to draw an understanding of Joseph Smith including magic seekers the Second Great Awakening communitarianism restorationism and more Bushman suggests that Smith stood at the cusp of modernity and presented the possibility of belief in a time of growing skepticism When examined carefully the Book of Mormon is found to have intricate subplots and peculiar cultural twists Bushman discusses the book s ambivalence toward republican government explores the culture of the Lamanites the enemies of the favored people and traces the book s fascination with records translation and history Yet Believing History also sheds light on the meaning of Joseph Smith and the Book of Mormon today How do we situate Mormonism in American history Is Mormonism relevant in the modern world Believing History offers many surprises Believers will learn that Joseph Smith is more than an icon and non believers will find that Mormonism cannot be summed up with a simple label But wherever readers stand on Bushman s arguments he provides us with a provocative and open look at a believing historian studying his own faith
