Studies Of Development And Change In The Modern World:

Studies of Development and Change in the Modern World Michael T. Martin, 1989 This book is a collection of multidisciplinary essays by eminent scholars and represents a reassessment of the theoretical and methodological issues involved in the study of development and social change The issues are illustrated by case studies analyzed in their historical context The editors argue that analysts of revolutionary movements and economic and political issues in the developing world must consider the interdependence of core and peripheral societies in a world system The contributors then show how this perspective makes a difference in the analysis of particular national or regional issues

Studies of Development and Change in the Modern World Michael T. Martin, Terry R. Kandal, 1989 This multidisciplinary anthology presents a reassessment of the theoretical and methodological issues crucial to the study of development and social change illustrated with case studies analyzed in their historical contexts Arguing that analysts of revolutionary movements and economic and political issues in the developing world must consider the interdependent relationship between core and peripheral societies in our world system the eminent contributors show how this perspective aids in the evaluation of particular national and regional issues Unusually broad based this book includes major essays by George Beckford Bradford Burns and James Petras and introduces the work of several important younger scholars It will be of great interest to scholars of development especially those focusing on the Caribbean Latin America or Africa
