Studies of Lowell William Dean Howells, 2023-09-03 Reproduction of the original The publishing house Megali specialises in reproducing historical works in large print to make reading easier for people with impaired vision **Life Studies** Robert Lowell, 2001 Life Studies was first published in 1959 In Life Studies the pathos of the local colour of the past of the lives and deaths of his father and mother and grandfather and uncle crammed full of their own varied and placid absurdity is the background that sets off the desperate knife edged absurdity of the jailed conscientious objector among gangsters and Jehovah's witnesses the private citizen returning to his baby older now from the mental hospital He sees things as being part of history if you say about his poor detailedly eccentric trust fund Lowells but they weren't he can answer They are now Randall Jarrell Studies of Lowell (from Literary Friends and Acquaintance) William Dean Howells, 2024-12-24

City Development Authority, 1970 **Life Studies** Robert Lowell, 1959

Robert Lowell and Life Studies Terri Witek, 1993 Witek uses unpublished drafts of some of the most famous passages in Life Studies to show what happened when noted poet Lowell 1917-1977 confronted his own identity problems as writing problems Annotation copyright by Book News Inc Portland OR *Lowell's Estimate of Contemporary Men of Letters* Bessie Bell Applegate, 1911 Robert Lowell's Language of the Self Katharine Wallingford, 2018-08-25 Katharine Wallingford's incisive study treats Robert Lowell's work as a poetry of self examination and explores the ways in which he used methods common to psychoanalysis and other forms of psychotherapy in his poetry Although he was never psychoanalyzed in a strictly Freudian sense Lowell spent many years in psychotherapy Wallingford stresses not the pathological aspects of Lowell's work however but rather his lifelong process of self examination a process with ethical as well as psychological dimensions She links this process to the tradition of self scrutiny that Lowell inherited from his New England Puritan ancestors Through close readings of the poetry and of unpublished drafts of several poems as well as letters from Lowell to George Santayana Allen Tate and his cousin Harriet Winslow Wallingford treats Lowell's use of specific psychoanalytic techniques free association repetition concentration on the relation between the poet and the other to whom he addresses himself and the

use of memory to probe the past The book considers as well the role the narrative plays in these psychoanalytic and poetic techniques Lowell believed firmly in the identity of self and language one life one writing and this study brings us closer to an understanding both of the poet and of his dense and moving poetry It enriches our reading of Lowell s poetry by calling attention to the ways in which his poetic techniques are analogous to and to some extent derived from psychoanalytic techniques techniques that have in our time become integrated into our culture as a whole Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *A Companion to Twentieth-Century Poetry* Neil Roberts, 2008-06-09 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century
