Study Of History Abridgement Volume 710

Thomas Jefferson

Study Of History Abridgement Volume 710:

The Hidden Teachings of Jesus Lance deHaven-Smith, 2001-10-15 The author of Conspiracy Theory in America presents a radical new view of the person of Jesus and the message of social reform underlying his teachings Based on the premise that Jesus could not speak his thoughts openly without running afoul of the authorities political philosopher Lance deHaven Smith demonstrates how Jesus sought to dismantle worldly systems of command and status and replace them with a society governed by a spirit of holiness The Hidden Teachings of Jesus also explores how Jesus prophecies are being fulfilled in the modern era Huge systems of power privilege and acquisition have arisen but so too has a global public opinion which bristles at oppression and demands love and respect for every living thing In this work Lance deHaven Smith points to a spirit of holiness emerging worldwide to dismantle power and status in abusive families autocratic corporations tyrannical governments and many other areas of life This spirit he suggests can bring about the real kingdom of God the divine order Jesus urged his followers to establish here on earth

A Prosperous Way Down Howard T. Odum, Elisabeth C. Odum, 2011-05-18 A Prosperous Way Down the last book by Howard T and Elisabeth C Odum has shaped politics and planning as nations states and localities begin the search for ways to adapt to a future with vastly increased competition for energy It considers ways in which a future with less fossil fuel could be peaceful and prosperous Although history records the collapse of countless civilizations some societies and ecosystems have managed to descend in orderly stages reducing demands and selecting and saving what is most important The authors make recommendations for a more equitable and cooperative world society with specific suggestions based on their evaluations of trends in global population wealth distribution energy sources conservation urban development capitalism and international trade information technology and education Available for the first time in paperback this thoughtful provocative book forces us to confront assumptions about our world s future and provides both a steadying hand and a call to action with its pragmatic analysis of a global transition

Slavery and the American Founding Jude M. Pfister, 2025-03-21 Since 1776 the Founding generation has been portrayed as creators of a new world where liberty and freedom were the inherent birthright of all peoples The Founders although brilliant were nonetheless human and fashioned a country conceived in liberty and freedom for themselves The enslaved women and other minorities were not part of the original Founding documents All men created equal was a political statement not some ethereal message of Enlightenment understanding This book demonstrates that to understand the American Founding is to understand the totality of America The American Founding and the so called compromises forged by state delegates to ensure national unity despite existing alternatives that could have rejected enslavement defined the period from 1765 to 1800 and planted the seeds for a horrific civil war Two of the most debated words from the Age of Enlightenment freedom and liberty not only made America independent but also made it dependent on an execrable system rejected by most of the European thinkers who inspired the uprising against Britain

The Papers of Thomas Jefferson,

Retirement Series, Volume 7 Thomas Jefferson, 2011-01-10 The 526 documents printed in this volume run from 28 November 1813 to 30 September 1814 During this period Jefferson reviews the extant sources on the 1765 Stamp Act crisis to aid William Wirt a Patrick Henry scholar records his largely positive impressions of George Washington and updates a reading list for law students that he had initially drawn up forty years earlier In the spring of 1814 Jefferson becomes a trustee of the Albemarle Academy the earliest direct ancestor of the University of Virginia He is soon actively involved in planning for its establishment helping to draft rules for governance of the academy s trustees and propose funding options and he lays out an expansive vision for its future as an institution of higher learning Jefferson also exchanges ideas on collegiate education with such respected scholars as Thomas Cooper and Jos Corr a da Serra Jefferson s wide ranging correspondence includes a temperate response to a lengthy letter from Miles King urging the retired president to reflect on his personal religion and a diplomatic but noncommittal reply to a proposal by Edward Coles that the author of the Declaration of Independence employ his prestige to help abolish slavery Having learned of the British destruction late in August 1814 of the public buildings in Washington Jefferson offers his massive book collection as a replacement for the Library of Congress The nucleus for one of the world s great public libraries is formed early in 1815 when the nation purchases Jefferson s 6 707 volumes Some images inside the book are unavailable due to digital copyright restrictions
