Zimmerman, 1935 This publication is the fourth in a series designed to aid in the recognition and identification of pathological conditions of economic importance affecting fruits and vegetables in the channels of marketing to facilitate the market inspection of these food products and to prevent losses from such conditions

The Annals of the American Academy of Political and Social Science, 1916 *Bibliography of Studies of Family Living in Asia, Australia, New Zealand, Peru, Mexico, and the Islands of the Pacific* Carle C. Zimmerman, 1934 China's Christian Colleges Daniel Bays, Widmer, 2009-02-27 China's Christian Colleges explores the cross cultural dynamics that existed on the campuses of the Protestant Christian colleges in China during the first half of the twentieth century Focusing on two way cultural influences rather than on missionary efforts or Christianization these campuses most of which were American supported and had a distinctly American flavor were laboratories or incubators of mutual cultural interaction that has been very rare in modern Chinese history In this Sino foreign cultural territory the collaborative educational endeavor between Westerners and Chinese created a highly unusual degree of cultural hybridity in some Americans and Chinese The thirteen essays of the book provide concrete examples of why even today more than a half century after the colleges were taken over by the state long lasting cultural results of life in the colleges remain *Keeping the Nation's House* Helen M. Schneider, 2011-03-01 The term home economics often conjures images of sterile classrooms where girls learn to cook dinner and swaddle dolls far removed from the seats of power Helen Schneider unsettles this assumption by revealing how Chinese women helped to build a nation one family at a time From the 1920s to the early 1950s home economists transformed the most fundamental of political spaces the home by teaching women to nurture ideal families and manage projects of social reform Although their discipline came undone after 1949 it created a legacy of gendered professionalism and reinforced the idea that leaders should shape domestic rituals of the people *Miscellaneous Publication*, 1935 *The Quarterly Journal of Economics* Charles Franklin Dunbar, Frank William Taussig, Abbott Payson Usher, Alvin Harvey Hansen, William Leonard Crum, Edward Chamberlin, Arthur Eli Monroe, 1929 Vols 1 22 include the section Recent publications upon economics
