American Association of School Librarians, Association for Educational Communications and Technology, 1998-07 Since its
publication in June 1998 Information Power has become the most talked about book in the school library world Reading
and All that Jazz Peter Mather, Rita McCarthy, 2003 This book analyses the primary relevant rules of international law
applicable to extra territorial use of force by states against non state actors Force in this context takes many forms ranging
from targeted killings and abductions of individuals to large scale military operations amounting to armed conflict Actions of
this type have occurred in what has become known as the war on terror but are not limited to this context Three frameworks
of international law are examined in detail These are the United Nations Charter and framework of international law
regulating the resort to force in the territory of other states the law of armed conflict often referred to as international
humanitarian law and the law enforcement framework found in international human rights law The book examines the
applicability of these frameworks to extra territorial forcible measures against non state actors and analyses the difficulties
and challenges presented by application of the rules to these measures The issues covered include among others the
possibility of self defence against non state actors including anticipatory self defence the lawfulness of measures which do
not conform to the parameters of self defence the classification of extra territorial force against non state actors as armed
conflict the war on terror as an armed conflict the laws of armed conflict regulating force against groups and individuals the
extra territorial applicability of international human rights law and the regulation of forcible measures under human rights
law Many of these issues are the subject of ongoing and longstanding debate The focus in this work is on the particular
challenges raised by extra territorial force against non state actors and the book offers a number of solutions to these
challenges
