Sider,2012-03-23 The national deficit is certainly a crisis But alongside it a moral deficit is exploding as well Some want to unjustly thrust the burden of the debt on our grandchildren Others want to balance the budget on the backs of the poor But both plans are morally bankrupt There is a way a realistic way a moral way to fix the deficit We can break political gridlock with solutions that stand on a foundation of solid values and fair play If you are tired of politics as usual that fails to operate as if people mattered take heart in Ron Sider s balanced practical approach Consistent with deeply Christian principles he offers a way forward that truly provides justice for all **The Moral Life According to Mark** M. John-Patrick

O'Connor,2022-04-21 M John Patrick O Connor proposes that in contrast to recent contemporary scholarship that rarely focuses on the ethical implications of discipleship and Christology Mark s Gospel as our earliest life of Jesus presents a theological description of the moral life Arguing for Mark s ethical validity in comparison to Matthew and Luke O Connor begins with an analysis of the moral environment of ancient biographies exploring what types of Jewish and Greco Romanic conceptions of morality found their way into Hellenistic biographies Turning to the Gospel s own examples of morality O Connor examines moral accountability according to Mark including moral reasoning the nature of a world in conflict and accountability in both God s family and to God s authority He then turns to images of the accountable self including an analysis of virtues and virtuous practices within the Gospel O Connor concludes with the personification of evil human responsibility punitive consequences and evil s role in Mark s moral landscape Developing a Virtue-Imbued Casuistry for Business Ethics Martin Calkins,2014-05-08 Casuistry Virtue and Business Ethics brings together three important processes for business ethics casuistry virtue ethics and the business case method In doing so it considers the overlap and synergy of casuistry and virtue ethics the similarities and differences of casuistry and the business case method and the relationships between emerging and well established cases The goal of the book is twofold to provide a distinctly practical method for moral decision making within the context of business and to illustrate how contemporary vexing issues are similar to those of the past and how they might be resolved satisfactorily *Ethical Fundraising* Janice Gow Pettey,2008-06-30 Ethical
