Taking Charge Of Curriculum Teacher Networks And Curriculum Implementation:

Taking Charge of Curriculum Jacob E. Adams, 2000 Describes a case study involving a radical change in the teaching of mathematics in California's public schools and shows how teachers can facilitate this kind of change through professional networks

Taking Charge of Curriculum Jacob Adams, 2000 How do teachers adapt to the demands of curriculum change and new educational standards How do they learn what is expected of them In this pathbreaking work Jacob Adams examines how a promising new professional structure the teacher network helped teachers implement a novel and challenging high school mathematics curriculum and how it fostered teachers determination and ability to get the job done when traditional staff development supports did not Beginning with an in depth examination of the demands of policy on practice the author concludes with a practice based model for professional development and curriculum implementation An important contribution to the discourse on standards school improvement and professional development this volume covers timely topics that are crucial to the understanding of how teachers can work most effectively in this time of curricular change This important book engages us in many of the crucial educational issues of our day Readers will find themselves asking What is the relationship between policy and practice and how does it get played out over time How do teacher professional networks provide important alternatives to traditional staff development strategies What are the connections among state district school and teachers classrooms and what forms do they take when curriculum implementation is the goal From the Foreword by Ann Lieberman

Preparation, Practice, and Politics of Teachers Mark Ginsburg, 2013-02-11 This edited volume based on papers presented at the World Congress of Comparative Education Istanbul 2010 presents research examining pre service teacher education in service teacher development and the politics of teachers work in a variety of geographical regions including Asia Africa Eurasia Europe Latin America and North America More specifically the chapters examine the situations activities and education of teachers in the societal contexts of Cuba Equatorial Guinea France Germany Ghana Hong Kong Ireland Lithuania The Netherlands Scotland Spain Turkey and the United States The authors address a variety of important questions related to a group of employees who are key actors in determining the quality of education How can pre service teacher education best be organized for different purposes in various settings What kinds of activities should be organized and who should be involved in in service professional development to promote teacher capacity and commitment to perform their roles in classrooms and communities What kinds of incentives can motivate teachers engagement with various aspects of their work How do certain educational policies and reforms promote the professionalization or the deprofessionalization and proletarianization of teaching What are the opportunities and constraints for teachers as they seek to operate within the micro politics of schools and the macro politics of society The book thus contributes to refining our understanding of the critical theoretical issues in the field of comparative and international education as well as calling attention to dynamics that should be considered in developing and implementing as well as

critiquing and resisting educational policies in varying contexts

A Teacher's Guide to Change Jan Stivers, Sharon F.

Cramer, 2009-07-30 Coping with change is perhaps the most fundamental aspect of life and certainly critical for successful teaching. This book provides an essential guide to how teachers might successfully address the ongoing and expected change associated with effective teaching. Sharon Vaughn, H. E. Hartfelder, Southland Corp Regents Chair, University of Texas. Perhaps no other job in our society today experiences as much change as classroom teaching. Stivers and Cramer are two experts with tremendous insight and experience in both the theoretical and practical dimensions of personal, organizational, and systemwide change. Heartwarming, insightful stories explore how dozens of teachers overcome the challenges of living and leading through change every day, blended with rock-solid theory and extensive research on how to live through change successfully. Chris Edgelow, Founder and President, Sundance Consulting Inc. Energize your learning community by transforming change into opportunity. Throughout their careers, teachers will face a myriad of inevitable changes both inside and outside the classroom. Ideal for use both in professional development settings and as a personal resource, *A Teacher's Guide to Change* engages K-12 teachers in the process of anticipating and responding to change. Through a step-by-step approach, teachers can learn to prepare for change, which enhances their career satisfaction and effectiveness as professionals. Emphasizing that change is something teachers can understand, manage, become invested in, and even champion, the authors provide practical skills for facing and adjusting to change, whether it is mandated or chosen. Offering a wealth of conceptual, reflective, interpersonal, and strategic tools, this guide also includes survey results from more than 100 teachers who share not only their experiences with change but also advice and encouragement, inviting educators to learn from each other. Reflective exercises to help teachers understand and approach change. A five-step process for initiating and implementing plans for change. Systematic strategies for leading change both in smaller and larger spheres of influence. Vivid school-based examples that can be directly applied to personal experience. This accessible resource is invaluable for all teachers. Whether or not change is voluntary, opportunities for professional growth are abundant, leading to improved student learning and greater teacher retention.
