Take Root and Bear Fruit L. Maxwell Owen, 2022-07-07 It all started in a garden From the garden of Eden to the garden of Gethsemane to our eternal home in the garden of the Father the garden has been a symbol or representation of our journey in this life Throughout Scripture we are encouraged to take root in God to love Him with all of our heart all of our soul all of our mind and all of our strength and to anchor our souls in Him and in His word Over and over in the Bible we are also instructed to bear fruit Bearing fruit or spreading the good news of the kingdom is a natural outcome of a heart that is wholly His When we are rooted sure and steadfast in God we will impact the lives of those around us for Him it is inevitable We bear fruit when we are firmly rooted to the Lord In this book Mrs Owen uses the analogy of a garden to beautifully illustrate this correlation between taking root and bearing fruit There are many different players and contributors in the garden each one with their own job to do pollinators sunlight water gardening tools and more Mrs Owen shares with us how just as in the garden each person in the family of God has their own unique purpose When we all work together we become a fruitful and abundant garden firmly rooted in God and bearing fruit for His kingdom The surviving remnant of the house of Judah will again take root downward and bear fruit upward For out of Jerusalem will go forth a remnant and out of Mount Zion survivors The zeal of the Lord will perform this 2 Kings 19 30 This verse from 2 Kings can be understood literally as well as figuratively Yes God s people would once again plant and harvest the land but they would also once again be rooted in God s hand bearing fruit for Him The goal of this book is to help us all become more firmly rooted in God and active in bearing fruit for Him not from compulsion but from the joy of knowing our God

Plant Metaphors in the Old Greek of Isaiah

Benjamin M. Austin, 2019-02-01 A thorough analysis of metaphor translation techniques used in Isaiah. In this study Benjamin M. Austin analyzes all the plant metaphors in Isaiah and classifies them according to the metaphor translation techniques used by the Septuagint translator. Austin illustrates how the translator took the context of each metaphor into account and demonstrates how the natural features of the plants under discussion at times influenced their translation. He argues that the translator tried to render metaphors vividly and with clarity, sometimes adjusting them to match the experience of his audience living in Egypt. Austin also examines metaphors in terms of their vehicles, the objects of comparison, so that the translation of similar metaphors can be compared. Features: A comparison of the Masoretic Text to the Septuagint and Targum; A classification of metaphor translation strategies; An introduction to the Hellenistic and the Jewish conception of metaphors.

Possible Histories Charlotte Karem Albrecht, 2023-02-07 Many Syrians who immigrated to the US beginning in the 1870s worked as peddlers. Traveling enabled men to transgress Syrian norms related to marriage, while Syrian women's roles in peddling led to more economic autonomy. In *Possible Histories*, Charlotte Karem Albrecht explores this peddling economy to reveal the sexual ideologies imbricated in Arab American racial histories. *Possible Histories* marshals a queer affective approach to community and family history to show how Syrian immigrant peddlers and their networks of labor and care appeared in interconnected discourses of modernity, sexuality, gender, class, and race. Karem Albrecht theorizes this profession and its place in Arab American historiography as a queer ecology of laboring practices, intimacies, and knowledge production. This book ultimately proposes a new understanding of the long arc of Arab American history that puts sexuality and gender at the heart of ways of navigating US racial systems. *Possible Histories* brings an innovative queer analytic to Arab American history, inquiring into the intimate relationships among itinerant peddlers. Uncovering the role of sexuality in racializing Arab Americans, it challenges respectability politics and brilliantly upends reigning paradigms in Arab American history.

EVELYN ALSULTANY author of *Broken: The Failed Promise of Muslim Inclusion* A deeply personal queer history that is brisk, unsettling, and brimming with insights. Puzzling through gossip, shame, and scandal, Charlotte Karem Albrecht offers an astounding kaleidoscope of Arab Americans in the twentieth century.

NAYAN SHAH author of *Refusal to Eat: A Century of Prison Hunger Strikes* *Possible Histories* is a rich contribution to queer theorizing on kinship, archives, and diaspora. In this moving tribute to the challenges and traps of recovery work, Karem Albrecht traverses the maze of memory and family with care and thoughtfulness.
