Handbook of Research on Children's and Young Adult Literature Shelby Wolf,Karen Coats,Patricia Enciso,Christine Jenkins,2011-04-27 This multidisciplinary handbook pulls together in one volume the research on children s and young adult literature which is currently scattered across three intersecting disciplines education English and library and information science **Rethinking the Other in Antiquity** Erich S. Gruen,2012-09-16 Prevalent among classicists today is the notion that Greeks Romans and Jews enhanced their own self perception by contrasting themselves with the so called Other Egyptians Phoenicians Ethiopians Gauls and other foreigners frequently through hostile stereotypes distortions and caricature In this provocative book Erich Gruen demonstrates how the ancients found connections rather than contrasts how they expressed admiration for the achievements and principles of other societies and how they discerned and even invented kinship relations and shared roots with diverse peoples Gruen shows how the ancients incorporated the traditions of foreign nations and imagined blood ties and associations with distant cultures through myth legend and fictive histories He looks at a host of creative tales including those describing the founding of Thebes by the Phoenician Cadmus Rome s embrace of Trojan and Arcadian origins and Abraham as ancestor to the Spartans Gruen gives in depth readings of major texts by Aeschylus Herodotus Xenophon Plutarch Julius Caesar Tacitus and others in addition to portions of the Hebrew Bible revealing how they offer richly nuanced portraits of the alien that go well beyond stereotypes and caricature Providing extraordinary insight into the ancient world this controversial book explores how ancient attitudes toward the Other often expressed mutuality and connection and not simply contrast and alienation Industrial Arts and Vocational Education ,1921 **Hollywood's Melodramatic Imagination** Geoff Mayer,2021-12-22 Melodrama is the foundation of American cinema It is however a poorly understood term While it is a pervasive and persuasive dramatic mode it is not tied to any specific moral or ideological system It is not a singular genre rather it operates as a genre generating machine capable of determining the aesthetics and structure of the drama within many genres Melodrama centers the conflict around the clash between good and evil and provides a sense of poetic justice but the specific values embedded in notions of good and evil are determined by the culture and they shift from nation to nation region to region and period to period This book explores the populist westerns of the 1930s the propaganda films that followed the Japanese attack on Pearl Harbor and the popularity of Sax Rohmer s master villain Fu Manchu Melodramas of passion and film noir also offer a challenge to melodrama with its seemingly alienated

protagonists and downbeat endings Yet with few exceptions Hollywood was able to assimilate these genres within its melodramatic imagination **Seeking the koko' ta'ay** ,2024-07-22 This volume edited by Tobie Openshaw and Dean Karalekas will guide you on a multidisciplinary journey through Indigenous peoples centuries old lore of little people in Taiwan and the Pacific Learn about the Taiwan SaiSiyat people s paSta ay ritual still held to this day to commemorate the koko ta ay Follow the distribution of the legends interspersed with original stories by modern Indigenous authors Explore the archaeological find of small statured negrito remains in Taiwan and delve into the most current research on the topic by linguists anthropologists folklorists and other specialists to unravel the mystery of what or who inspired these ancient legends
