North, 2006-06-15 The intent of any discography is comprehensiveness aiming to include every recording within its chosen area and to list all the important details of each The discography New York Philharmonic The Authorized Recordings 1917 2005 is no exception Author James H North has compiled more than 1500 commercial recordings made by the New York Philharmonic from 1917 to 2005 A fifteen page Introduction serves as a general history of New York Philharmonic recordings discussing issues such as the importance of recordings the orchestra's relationships with various recording companies the venues used recordings of interest which were not made and why they were not and the record labeling systems used by Columbia CBS Sony the Philharmonic's long term business partner The entries are presented in chronological order of recording sessions and contain important details such as music played performers session dates and venues recording companies and producers first release dates and all issues of the recording including 78 and 45 rpm discs Long Playing records and Compact Discs Three appendixes catalog the entries by composer conductor and soloists respectively referring the reader to the appropriate entry in the main listing Two additional appendixes further illustrate the New York Philharmonic's history one by describing the 78 rpm records made for class use by Ginn and Company during the mid 1920s the other listing the twenty five Young People's Concerts written and conducted by Leonard Bernstein and broadcast worldwide on television from 1958 to 1970 now available on VHS and DVD **The Oxford History of Western Music** Richard Taruskin, Christopher Howard Gibbs, 2019 Takes students beyond the who what and when exploring the how and why behind the story of Western Music Now in its second edition this text immerses students in the engaging story of the Western musical tradition By emphasizing the connections among works both within cultural eras and across time and place the text goes beyond a basic retelling of the music's history to build students ability to listen critically to key works The Oxford History of Western Music College Edition is a complete program for building students understanding and appreciation of the classical canon **Music and Technoculture** René T. A. Lysloff, Leslie C. Gay, 2003-10-29 Explores the rich relationship between technology music and culture Moving from web to field from Victorian parlor to 21st century mall the 15 essays gathered here yield new insights regarding the intersection of local culture musical creativity and technological possibilities Inspired by the concept of technoculture the authors locate technology squarely in the middle of expressive culture they are concerned with how technology culturally informs and infuses aspects of everyday life and musical experience and they argue that this merger does not necessarily result in a cultural grayout but instead often produces exciting new possibilities

In this collection we find evidence of musical practices and ways of knowing music that are informed or even significantly transformed by new technologies yet remain profoundly local in style and meaning
