with recordings made with local speakers Language in the East Midlands is distinctive and there is considerable regional variety for instance between speech in the major urban centres of Nottingham Derby and Leicester Bringing out this regional variation will also improve our wider understanding of language variation in English The concept of the East Midlands in itself is not a clear one and this volume aims to address such issues and to examine what makes the East Midlands an area of itself and what this area includes **In and about Nottinghamshire** Robert Mellors,1908 **Great Cloister: A Lost Canterbury Tale** Paul A.
