DeLorenzo,2015-10-23 This book examines how music education presents opportunities to shape democratic awareness through political pedagogical and humanistic perspectives Focusing on democracy as a vital dimension in teaching music the essays in this volume have particular relevance to teaching music as democratic practice in both public schooling and in teacher education Although music educators have much to learn from others in the educational field the actual teaching of music involves social and political dimensions unique to the arts In addition teaching music as democratic practice demands a pedagogical foundation not often examined in the general teacher education community Essays include the teaching of the arts as a critical response to democratic participation exploring democracy in the music classroom with such issues as safe spaces sexual orientation music of the Holocaust improvisation race and technology and music teaching music teacher education as a form of social justice Engaging with current scholarship the book not only probes the philosophical nature of music and democracy but also presents ways of democratizing music curriculum and human interactions within the classroom This volume offers the collective wisdom of international scholars teachers and teacher educators and will be essential reading for those who teach music as a vital force for change and social justice in both local and global contexts

Music Education in England, 1950-2010 John Finney,2016-04-22 John Finney examines the child centred progressive tradition to create a fresh way of evaluating ideas and practices that have evolved since 1950 that have shaped the lives of music teachers and their pupils and that have now become disfigured residual and altogether lost in the light of social cultural and political change The book is a critique of the present situation with an intention to expose the dangers in our current pursuit of future gains that are thought to serve the making and sustaining of the social order The project draws in major debates of the period along with their protagonists counter pointed by the voices of teachers and pupils At the same time the structuring voices of policy and governance become ever louder as we reach the present time Finney presents a compelling analytical account through a series of six episodes each seeking to capture the spirit and fervour characteristic of a particular phase within the period studied In the concluding chapter the narrative developed is reviewed From this the idea of music education as an ethical pursuit is proposed Finney argues that classroom relationships can be thought of as playfully dialogic where teacher and pupil remain curious and where there is serious attention to what is to be taught and why This will always need to be negotiated with the expressed and inferred needs of children working together to find a critical approach to what is being learnt Finney s book provides fresh inspiration for practitioners and new challenges for researchers and as such is a landmark in the field of arts and music education *Don't Stop Thinking About the Music* Benjamin S. Schoening,Eric T. Kasper,2011-12-16 In this insightful erudite history of presidential campaign music

musicologist Benjamin Schoening and political scientist Eric Kasper explain how politicians use music in American presidential campaigns to convey a range of political messages From Follow Washington to I Like Ike to I Got a Crush on Obama they describe the ways that song use by and for presidential candidates has evolved including the addition of lyrics to familiar songs the current trend of using existing popular music to connect with voters and the rapid change of music s relationship to presidential campaigns due to Internet sites like YouTube JibJab and Facebook Readers are ultimately treated to an entertaining account of American political development through popular music and the complex two way relationship between music and presidential campaigns

Talking New Orleans Music Burt Feintuch, 2015-10-23 In New Orleans music screams It honks It blats It wails It purrs It messes with time It messes with pitch It messes with your feet It messes with your head One musician leads to another traditions overlap intertwine nourish each other and everyone seems to know everyone else From traditional jazz through rhythm and blues and rock n roll to sissy bounce in second line parades from the streets to clubs and festivals the music seems unending In Talking New Orleans Music author Burt Feintuch has pursued a decades long fascination with the music of this singular city Thinking about the devastation not only material but also cultural caused by the levees breaking in 2005 he began a series of conversations with master New Orleans musicians talking about their lives the cultural contexts of their music their experiences during and after Katrina and their city Photographer Gary Samson joined him adding a compelling visual dimension to the book Here you

will find intimate and revealing interviews with eleven of the city's most celebrated musicians and culture bearers: Soul Queen Irma Thomas, Walter Wolfman Washington, Charmaine Neville, John Boutt, Dr. Michael White, Deacon John Moore, Cajun bandleader Bruce Daigrepoint, Zion Harmonizer Brazella Briscoe, producer Scott Billington, as well as Christie Jourdain and Janine Waters of the Original Pinettes. New Orleans's only all-woman brass band Feintuch's interviews and Samson's sixty-five color photographs create a powerful portrait of an American place like no other and its worlds of music.

Feeling, Thinking, and Talking L. David Ritchie, 2022-09-15 The way the brain, body, and mind interact with social structure to shape communication has so far not received the attention it deserves. This book addresses this gap by providing a novel account of communication as a social, biological, and neurological force. Combining theories from communication studies and psycholinguistics and drawing on biological and evolutionary perspectives, it shows how communication is inherently both biological and social and that language and the neural systems that support it have evolved in response to a complex social environment. It introduces a clear set of terms based on current research and illustrates key concepts using real-life examples from everyday conversation, speaking to a number of current debates around the evolutionary and biological basis of language and the relationship between language, cognition, and environment. Thought-provoking and engaging, it will change the way we think about the relationship between communication and cognition.

Speaking for Ourselves Michael B. Bakan, Mara Chasar, Graeme Gibson, Elizabeth J. Grace, Zena Hamelson, Dotan Nitzberg, Gordon Peterson, Maureen Pytlik, Donald Rindale, Amy Sequenzia, 2018 The musical talents and affinities of autistic people are widely recognized, but few have thought to ask autistic people themselves about how they make and experience music and why it matters to them that they do. *Speaking for Ourselves* does just that, bringing autistic voices to the center of the conversation.

The Art of Practicing Law: Talking to Clients, Colleagues and Others James M. Kramon, 2019-08-07 Often the most profound and emotionally memorable moments in the practice of law occur behind the scenes, in backstories. These backstories reveal sometimes wrenching private meetings with clients or their families, encounters with others such as Governor George Wallace, perhaps the most notorious racist of the twentieth century, in his hospital room after he was shot and paralyzed, reflections on the nature of truth, and a heartfelt homage to the equalizing force of the American jury system. Kramon's book contains an overarching theme: we advance the rule of law even in the routine practice of our profession, and in so doing we acquire wisdom often from the most unlikely sources. Certain to inform, instruct, and entertain lawyers and laymen alike.

Stephen H. Sachs, Former Attorney General of Maryland and United States Attorney.

When Thinking is the Screaming of the Soul Phil Jourdain, 2020-08-28 In this incomparably brilliant and timeless masterpiece of unrelenting cruelty, two unhappy souls, restless, tormented Rebecca and the harmless mediocrity McGee, find themselves caught in an infinite regress of shifting identities and memories. Rebecca seeks transcendence, an escape from a life she does not know how to live. McGee, meanwhile, seems to have no self to speak of, wandering from situation to situation without a sense of purpose. Their relationship has multiple

origins infinite endings and no conclusion At the heart of this non story is an unforgivable family secret from generations past
