The Persian Velvets at Rosenberg Carol Bier,1995 **Sufi Lovers, Safavid Silks and Early Modern Identity** Nazanin Hedayat Munroe,2025-10-01 This book examines a group of sixteenth and seventeenth century figural silks depicting legendary lovers from the Khamsa Quintet of epic Persian poetry Codified by Nizami Ganjavi in the twelfth century the Khamsa gained popularity in the Persian speaking realm through illustrated manuscripts produced for the elite creating a template for illustrating climactic scenes in the love stories of Layla and Majnun and Khusrau and Shirin that appear on early modern silks Attributed to Safavid Iran the publication proposes that dress fashioned from these silks represented Sufi ideals based on the characters Migration of weavers between Safavid and Mughal courts resulted in producing goods for a sophisticated and educated elite demonstrating shared cultural values and potential reattribution Through an examination of primary source materials literary analysis of the original text and close iconographical study of figural designs the study presents original cross disciplinary arguments about patronage provenance and the socio cultural significance of wearing these silks The Treasure Collection at Rosenberg Castle Jørgen Hein,2009 Sign 100 466 **The Politics of Trade in**

Safavid Iran Rudolph P. Matthee,1999-12-09 Using a wide range of archival and written sources Rudi Matthee considers the economic social and political networks established between Iran its neighbours and the world at large through the prism of the late Safavid silk trade In so doing he demonstrates how silk a resource crucial to state revenue and the only commodity to span Iran s entire economic activity was integral to aspects of late Safavid society including its approach to commerce export routes and importantly to the political and economic problems which contributed to its collapse in the early 1700s In a challenge to traditional scholarship the author argues that despite the introduction of a maritime western dominated channel Iran s traditional land based silk export continued to expand right up to the end of the seventeenth century The book makes a major theoretical contribution to the debates on the social and economic history of the pre modern world **The A to Z of**
