The Philosophy Of Gabriel Marcel Library Of Living Philosophers:

Toward a Fuller Human Identity Pius Ojara, 2006 This book is based on the thought of Gabriel Marcel and offers an introduction to the central categories of Marcel's thought focusing on his idea of existential humanism This study deals with the ambivalence of human existence and the concepts of being ego and bodiliness The author draws on examples from everyday life with a particular focus on African values and the recovery of the black self *The Philosophy of Gabriel Marcel* Gabriel Marcel, 1984 Part of a series of studies of contemporary philosophers this volume focuses on Gabriel Marcel

Gabriel Marcel's Ethics of Hope Jill Graper Hernandez, 2011-10-13 The idea of hope has received significant attention in the political sphere recently But is hope just wishful thinking or can it be something more than a political catch phrase This book argues that hope can be understood existentially or on the basis of what it means to be human Under this conception of hope given to us by Gabriel Marcel hope is not optimism but the creation of ways for us to flourish War poverty and an absolute reliance on technology are real life evils that can suffocate hope Marcel's thought provides a way to overcome these negative experiences An ethics of hope can function as an alternative to isolation dread and anguish offered by most existentialists This book presents Marcel's existentialism as a convincing relevant moral theory founded on the creation of hope interwoven with the individual's response to the death of God Jill Hernandez argues that today's reader of Marcel can resonate with his belief that the experience of pain can be transcended through a philosophy of hope and an escape from materialism , *Tragic Humanity and Hope* Pius Ojara SJ, 2007-09-01 With insights into the thought of Gabriel Marcel *Tragic Humanity and Hope* recognizes that in our age scientific knowing is becoming a dominant form of knowledge The leadership influence growth and gravitational center of human existence depend it seems on scientific knowledge As a result we live in an information age that prizes production and immediate satisfaction but devalues the cultivation of wisdom We risk diminishing the significance of sapiential knowing to deal with the immensely complex and intricate domains of human relationality Furthermore inquiry into moral discernment methods expands becoming more diverse yet scholarly conversations that engage the vital exigencies as founding moral sensibility seem noticeably insufficient *Tragic Humanity and Hope* strives to overcome this lack But Ojara also seeks ethical groundings that exceed the language of pragmatic utility and aesthetic preference Foundations of morality cannot exclude questions of the common good and shared moral obligations that free people to reach out to one another with hopes and memories that endow life with shared meaning Through continuity and cohesion that the interlacing of scientific sapiential and moral knowing bring life becomes a marvelous expression of light joy and fervor **The Cambridge History of Philosophy 1870-1945** Thomas Baldwin, 2003-11-27 Table of contents **Ricoeur's Hermeneutics of Religion** Brian Gregor, 2018-11-29 Religion was a constant theme throughout Paul Ricoeur's long career and yet he never wrote a full length treatment of the topic In this important new book Brian Gregor draws on the full scope of Ricoeur's writings to lay out the essential features of his philosophical interpretation

of religion from his earliest to his last work Ricoeur's central claim is that religion aims at the regeneration of human capability in his words the rebirth of the capable self This book provides a rich thematic account of Ricoeur's hermeneutics of religion showing how the theme of capability informs his changing interpretations of religion from his early work on French reflexive philosophy and the philosophy of the will to his late work on forgiveness mourning and living up to death Gregor exhibits Ricoeur's original contribution to philosophical reflection on such themes as evil suffering and violence as well as imagination embodiment and spiritual exercise He also presents a critical reconsideration of Ricoeur's separation of philosophy from theology and his philosophical interpretation of Christian theological ideas of revelation divine transcendence and personhood atonement and eschatology Additionally Gregor provides an expansive look at Ricoeur's interlocutors including Marcel Jaspers Kant Hegel Levinas and Girard Theologically inclined readers will be particularly interested in the book's treatment of Karl Barth and the Protestant theology of the Word which was a vital influence on Ricoeur The result is a study of Ricoeur that is both sympathetic and critical provocative and original inviting the reader into a deeper engagement with Ricoeur's philosophical interpretation of religion

Family and Christian Ethics Petruschka Schaafsma, 2023-08-10 In this book Petruschka Schaafsma offers an innovative appraisal of family Eschewing the framework of worry and renewal that currently dominates family studies she instead explores the topic through the concepts of givenness and dependence Givenness highlights the fact that family is not chosen dependence refers to being intimately included in each other's identities and lives Both experiences are challenging especially in a contemporary context where independence and freedom to shape one's own life have become accepted ideals Schaafsma shows the impasses to which these ideals lead in several disciplines theology philosophy sociology social anthropology and care ethics She moves constructively beyond them by tapping literary artistic and biblical sources for their insights on family Grounded in a theological approach to family as mystery rather than problem she develops an understanding of the current controversial character of family that accounts for both its ordinary and transcendent character This title is available as Open Access on Cambridge Core

Ricoeur at the Limits of Philosophy Barnabas Aspray, 2022-08-25 Can finite humans grasp universal truth Is it possible to think beyond the limits of reason Are we doomed to failure because of our finitude In this clear and accessible book Barnabas Aspray presents Ricoeur's response to these perennial philosophical questions through an analysis of human finitude at the intersection of philosophy and theology Using unpublished and previously untranslated archival sources he shows how Ricoeur's groundbreaking concept of symbols leads to a view of creation not as a theological doctrine but as a mystery beyond the limits of thought that gives rise to philosophical insight If finitude is created then it can be distinguished from both the Creator and evil leading to a view of human existence that instead of the anguish of no proclaims the joy of yes

Pacifism as War Abolitionism Cheyney Ryan, 2024-03-12 Responding to the unprecedented violence of our times and the corresponding interest in nonviolent solutions this book takes up the heart of pacifism its critique of what

pacifists have termed the war system Pacifism as War Abolitionism provides an account of the war system that draws on contemporary sociology history and political philosophy The core of its critique of that system is that war begets war and hence war will not be ended or even constrained by finding more principled ways to fight war as many imagine War can only be ended by ending the war system which can only be done nonviolently This has been the message of pacifism s great voices like Gandhi Dr Martin Luther King Jr and Dorothy Day It is the principal message of this book Key Features Draws extensively on the sociological and historical research on war to expand the usual philosophical discussion beyond hypothetical accounts Expands the dialogues on the ethics of war beyond just war theory to its principal alternative pacifism Engages discussion of empire and imperialism in relation to the logic and development of the war system Presents pacifism s response to the reality of war today including the idea of never ending war
