World War S 3 Stephen Paul

Thomas,2020-04-02 After thousands of years of spiritual warfare the Vatican has turned a corner It s no longer the Church that buries its secrets in underground libraries and hides its failures behind the closed doors of its clerical institutions It is now a real missionary church reviving its relationship with God The new pope has radically changed the organization with a courage his predecessors never dreamed of possessing The heroes of the previous book Paul Lylian John and Julie travel to Africa to follow Josh s prophetic dream to find the first African pope Peter II They are not alone in this quest the demonic Legion of the Gadarenes and its allies the witch masters of black magic are hot on their heels John and Julie meet a fetish dealer on the black market who knows where the new pope Africa s Saint lives in solitude and leads a mission to help the needy He offers to guide them to the village but John doesn t like the idea Before a decision is made the expedition takes a turn for the worse A mudslide devastates their camp and John can only hope that Julie survived the accident Paul and Lylian cross the continent from another direction following a local informant to find the Holy Man but their task is no easier If not for the help of angelic troops they would have perished Meanwhile in Europe and the United States a new religion is emerging The Master and his maidservants Salome Sue Richardson and Sidney Grimm have inflated the new faith into a global religious institution with the help of the corrupt and powerful politician Carl Millerbeck This new religion opens a window into the future for anyone who cares to look If you read Peretti s This Present Darkness you will find this series more exciting and intriguing Follow the demonic legion and the devotees fighting against the darkness through the centuries
