

Sonnet: The Sacrament Of Reconciliation

**When man does sins of every kind, he hurts
The Son of God, Christ Jesus on the cross,
And causes Him to suffer as blood spurts,
Increasing anguish, making Him still worse!**

**Though venial sins can cause Him wounds not deep,
Repeated sinfulness does harm Him much;
Yet, mortal sins can make the Lord to weep,
Denying forgiveness, and mercy's touch.**

**Confess your sins to Christ and reconcile
With God, and get your sins and rod absolved;
To Him, no sin is grievous-most or vile;
The drift away from God is thus resolved.**

**God knows the weaknesses of humankind;
The heart of God is merciful and kind.**

The Poem As Sacrament:

The Poem as Sacrament Philip A. Ballinger, 2000 Through a study of the writings and intellectual development of Gerard Manley Hopkins Dr Philip Ballinger demonstrates why poetry is as Hans Urs von Balthasar stated the absolutely appropriate theological language While circling Hopkins visions of the nature of sensual experience intuitive cognition and the function of language Ballinger focuses upon the sacramental intention of the Victorian Jesuit s poetry Underlying Hopkins poetry is a vision of reality as divinely revelatory or self expressive For Hopkins this revelatory character of creation is determined by the incarnation and beauty in fact is a word for Christic self expressiveness **Sacramental Poetics in**

Richard Hooker and George Herbert Brian Douglas, 2022-06-06 This book explores sacramental poetics through the lens of moderate realism in the thought and work of Anglican theologians Richard Hooker c 1554 1600 and George Herbert 1593 1633 It does this in relation to the Christian sacraments of baptism and the Eucharist and as a way of exploring the abundance of God Brian Douglas begins in chapter 1 with a general discussion of a sacramental poetic and sacramentality in the Anglican tradition and proceeds to a more detailed examination of the writings of both Hooker chapter 2 and Herbert chapter 3 Each writer explores in their own way abundant life found as participation in and relationship with Christ and expressed as a sacramental poetic based on moderate realism Douglas goes on in chapter 4 to explore the idea of conversation and dialogue as employed by Hooker and Herbert as part of a sacramental poetic The book concludes in chapter 5 with a more general discussion on the abundance of God and living of the good and abundant life and some of the issues this involves in the modern world **The Poetry of Immanence** Robert Whalen, 2002-01-01 In this extensive study of two

of the most celebrated seventeenth century religious poets Robert Whalen examines the role of sacrament in the formation of early modern religious subjectivity For John Donne and George Herbert sacramental topoi became powerful conceptual tools with which to explore both the intersection of spiritual and material aspects of human experience and their competing claims to Christianity Whalen s argument builds upon his central idea of sacramental Puritanism or the effort to cultivate a Calvinist sense of interiority through a fully ceremonial apparatus and thereby to reconcile the potentially disparate imperatives of sacrament and devotion Unique in its combination of current historiography and informed analysis its attention to the sacramental features of Donne s secular lyrics and its advancement of sacramental thought as an important element of Renaissance English culture *The Poetry of Immanence* illuminates a crucial dimension of the work of two major Stuart writers In his comprehensive critical readings Whalen offers a substantial contribution to the increasing study of religious themes and devotion in the literature of the early modern period *The Eucharist, Poetics, and Secularization from the*

Middle Ages to Milton Shaun Ross, 2023 *The Eucharist Poetics and Secularization from the Middle Ages to Milton* explains the astonishing centrality of the eucharist to English poets writing from the fourteenth to the seventeenth centuries *The Poem in Time* Janis Lull, 1990 In tracing George Herbert s revisionary goals as they developed through the two manuscripts

of the Church this book offers a new approach to the interpretation of his poems in showing that Herbert intended to encourage his readers to connect the separate lyrics into larger structures of meaning and also to look beyond his poetry to the Bible

A More Beautiful Question Glenn Hughes, 2011-04-30 As more and more people in North America and Europe have distanced themselves from mainstream religious traditions over the past centuries a crisis of faith has emerged and garnered much attention But Glenn Hughes author of *A More Beautiful Question The Spiritual in Poetry and Art* contends that despite the withering popularity of faith based worldviews our times do not evince a decline in spirituality One need only consider the search for alternative religious symbolisms as well as the growth of groups espousing fundamentalist religious viewpoints to recognize that spiritual concerns remain a vibrant part of life in Western culture Hughes offers the idea that the modern crisis of faith is not a matter of vanishing spiritual concerns and energy but rather of their disorientation even as they remain pervasive forces in human affairs And because art is the most effective medium for spiritual evocation it is our most significant touchstone for examining this spiritual disorientation just as it remains a primary source of inspiration for spiritual experience *A More Beautiful Question* is concerned with how art and especially poetry functions as a vehicle of spiritual expression in today's modern cultures The book considers the meeting points of art poetry religion and philosophy in part through examining the treatments of consciousness transcendence and art in the writings of twentieth century philosophers Eric Voegelin and Bernard Lonergan A major portion of *A More Beautiful Question* is devoted to detailed case studies of three influential modern poets Gerard Manley Hopkins Emily Dickinson and T S Eliot In these and its other chapters the book examines the human need for artistic symbols that evoke the mystery of transcendence the ways in which poetry and art illuminate the spiritual meanings of freedom and the benefits of an individual's loving study of great literature and art *A More Beautiful Question* has a distinctive aim to clarify the spiritual functions of art and poetry in relation to contemporary confusion about transcendent reality and it meets that goal in a manner accessible by the layperson as well as the scholar By examining how the best art and poetry address our need for spiritual orientation this book makes a valuable contribution to the philosophies of art literature and religion and brings deserved attention to the significance of the spiritual in the study of these disciplines

Being Deified David Russell Mosley , 2016-12-01 *Being Deified* examines the importance of deification to Christian theology and the place of human creativity in deification Deification is an explanatory force for the major categories of Christian theology creation fall incarnation theological anthropology as well as the sacraments Deification explains in part the why of creation and the what of humanity God created in order to deify humanity is created to be deified the what of the Fall the desire for divinity outside of God's gifts one of the purposes for the Incarnation to deify

and what end the sacraments aid deification Essential to deification is human creativity for humans are created in the image of God the Creator In order to explore this dimension of deification this essay focuses on works of poetry and fantasy in many ways the pinnacle of human creativity since both genres cause the making strange of things familiar language and creation itself in part to make them better known particularly as creations of the Creator **"this need to dance / this need to kneel"** Michael P. Murphy, Melissa Bradshaw, 2019-09-17 That Denise Levertov 1923-97 was one of the most pioneering and skilled poets of her generation is beyond dispute Her masterly use of language innovative experimentations with organic form and the political acuity disclosed by her activist poetry are well marked by critical communities But it is also quite clear that the poems Levertov wrote in the last twenty years of her life with their more explicit focus on theological themes and subjects are among the best poems written on religious experience of any century let alone the twentieth The collection of essays gathered here shed vital light on this neglected aspect of Levertov studies so as to expand and enrich the scope of critical engagement In a mixture of theoretical considerations and close readings these essays provide valuable reflections about the complex relationship between poetry and belief and offer philosophically robust insights into different styles of poetic imagination The abiding hope is to broaden the terrain for discussions in twenty first century theology literary theory poetics and aesthetics honoring immanence exploring transcendence and dwelling with integrity within the spaces between

Toward a Sacramental Poetics Regina M. Schwartz, Patrick J. McGrath, 2021-12-15 Distinguished theologians and literary scholars explore the workings of the sacred and the sacramental in language and literature What does a sacramental poetics offer that secular cultural theory for all of its advances may have missed How does a sacred understanding of the world differ from a strictly secular one This volume develops the theory of sacramental poetics advanced by Regina Schwartz in her 2008 book on English Reformation writers taking the theory in new directions while demonstrating how enduring and widespread this poetics is *Toward a Sacramental Poetics* addresses two urgent questions we have inherited from a half century of secular critical thought First how do we understand the relationship between word and thing sign and signified other than as some naive direct representation or as a completely arbitrary language game And second how can the subject experience the world beyond instrumentalizing it The contributors conclude that a sacramental poetics responds to both questions offering an understanding of the sign that by pointing beyond itself suggests wonder The contributors explore a variety of topics in relation to sacramental poetics including political theology miracles modernity translation and transformation and the metaphysics of love They draw from diverse resources from Dante to Hopkins from Richard Hooker to Stoker's *Dracula* from the King James Bible to Wallace Stevens *Toward a Sacramental Poetics* is an important contribution to studies of religion and literature the sacred and the secular literary theory and theologies of aesthetics Contributors Regina M.
