

- The point of view is a first person narrative from the poet's perspective, the tone and language style the poet has used can show us this is a letter to his friend, this poem also gives us a hint that the poet is homosexual and his letter like poem is to express his love or to keep his promise to his friend that he may never see him again, this is shown by the fact that his friend says goodbye and forget me, which proves the poet's homosexuality even more as the poet may have confessed to him and the friend doesn't want any part in it.
- The title of the poem immediately gives us a hint this may be a love letter to a lost one or one he cannot see again.

The Poets Perspective:

The Poet's Perspective Charles Peterson : The Poet,2018-10-29 Faith of the Believer is a combination of creative poetry philosophy and wit that is founded on the believer s responsibility to seek to rise up to the standard A standard which was founded by our Savior which came with basic instructions for each believer to go teach and make disciples Poetry is the vehicle philosophy is the wheels on which it rolls and the Word is the fuel which propels it Somewhere within the bounds of Faith of the Believer is a spirit check a personal revival an awakening of your original vow A vow to a faith that you were not drafted into but one that you believe in your heart and confessed with your mouth and freely enlisted So if you are outside of His will then know that there might be something you yet need to do or someone that only you can reach So you might need to get off the sidelines and back in the game a game that we can t afford to lose For we are all here with purpose And time is winding down for the children of man I come to you in the volume of the book with purpose as one crying in the wilderness trying to open the eyes of the children of man before they are harvested by minds of destruction For God called preachers God sent teachers God sent prophets and God sent poets And I am The Poet and this is The Poet s perspective on the faith of the believer

Of Women, Poetry, and Power Zofia Burr,2002 The haunting legacy of Emily Dickinson s life and work has shaped a romantic conception of poetry as private personal and expressive that has governed the reception of subsequent American women poets Of Women Poetry and Power demonstrates how the canonization of Dickinson has consolidated limiting assumptions about women s poetry in twentieth century America and models an alternative reading practice that allows for deeper engagement with the political work of modern poetry Analyzing the reception of poems by Josephine Miles Gwendolyn Brooks Audre Lorde and Maya Angelou Zofia Burr shows the persistence of these critical outlooks and dispels the belief that we have long since moved beyond such limiting gendered expectations Turning away from an obsessive concern with a poet s biography Burr s readings of contemporary women s poetry accentuate its engagement and provocation of readers through its forms of address Burr shows how displacing the limits of dominant reception is possible by approaching poetry as communicative utterance not just as self expression

The Poetry of Shell Shock Daniel Hipp,2005-07-28 The British poets Wilfred Owen Ivor Gurney and Siegfried Sassoon found themselves psychologically altered by what they experienced in the First World War Owen was hospitalized in April 1917 for shell shock in Scotland where he met Siegfried Sassoon in June of that year hospitalized for the same affliction Ivor Gurney found the war ironically to have been a place of relative stability within an otherwise tormented life When he was wounded during the war s final year his doctors observed signs of mental illness which evolved into incapacitating psychosis by 1922 For each of these men all poets before the war poetry served as a way to inscribe continuity into their lives enabling them to retaliate against the war s propensity to render

the lives of the participants discontinuous Poetry allowed them to return to the war through memory and imagination and poetry helped them to bring themselves back from psychological breakdown to a state of stability based upon a relationship to the war that their literary war enabled them to create and discover This work investigates the ways in which the poetry of war functioned as a means for these three men to express the inexpressible and to extract value out of the experience of war Bibliography and index are also included Instructors considering this book for use in a course may request an examination copy here
