The Political Animal The Conquest Of Speciesism

Richard D. Ryder

The Political Animal The Conquest Of Speciesism:

The Political Animal Richard Dudley Ryder,1998 This book is about one of the most extraordinary phenomena of our times one which raises fundamental questions about the nature of altruism about the character of humankind about a new political agenda and about the relationship of humans with the rest of nature This phenomenon is the attention paid to the welfare of nonhuman animals and their rights or interests In the century since Darwin humankind have clung to the notion that they are entirely different from and morally superior to all other species This modern idea is in sharp contrast to ancient times when the evidence shows early humans respected animals and early religions saw them as divine manifestations The relationship of humankind to other species is the focus of this work An historical overview is first presented crossing many cultures and eras The ethics of animal exploitation and pain ism are next covered followed by an exploration of the science of animal welfare How the political debate over animal welfare has developed and its potential for changing politicians attitudes and behavior are the subjects of the concluding chapter **The Animal Rights Debate** Carl Cohen,Tom Regan,2001 Here for the first time the world s two leading authorities Tom Regan who argues for animal rights and Carl Cohen who argues against them make their respective case before the public at large The very terms of the debate will never be the same This seminal moment in the history of the controversy over animal rights will influence the direction of this debate throughout the rest of the century Visit our website for sample chapters **Encyclopedia of Animal Rights and Animal Welfare** Marc Bekoff,2009-11-25 A landmark publishing achievement on the subject the new edition of this acclaimed encyclopedia is expanded to two volumes covering the full range of issues related to animal protection Expanded to two volumes the comprehensively updated new edition **Encyclopedia of Animal Rights and Animal Welfare Second Edition** is an extraordinary publishing event It remains the only reference to cover the entire scope of animal rights and welfare from a global interdisciplinary perspective with an international team of contributors assembled by Marc Bekoff covering animal treatment issues in the United States China India Kenya Australia and many other nations With a focused emphasis on fairness and justice for animals evident on every page **Encyclopedia of Animal Rights and Animal Welfare Second Edition** offers clear explanations of hot button topics like puppy mills endangered species in zoos no kill shelters dog fighting factory farming and disease veganism conservation ethics wildlife contraception and more The encyclopedia also explores a range of religious ethical and philosophical views on using animals as well as the latest research on animal cognition and sentience The work helps readers understand the different viewpoints of animal welfare advocates who want to improve conditions for animals and animal rights activists who don t want animals used at all ***The Oxford Group and the Emergence of Animal Rights*** Robert Garner,Yewande Okuleye,2020-10-20 Animal rights is now a concept that has achieved wide name recognition Vegetarianism and even veganism is now commonplace representing a massive transformation in public attitudes Fifty years ago the concept of animal rights was almost unheard of and the animal protection movement lay dormant Even vegetarians

were regarded as at best cranks and at worst dangerous critics of the social order Yet the late 1960s and early 1970s were a formative time for the contemporary animal rights movement One of the most important and influential intellectual moments for animal rights occurred at this time at Oxford University among like minded scholars who would become known as the Oxford Group The Oxford Group and the Emergence of Animal Rights is about this little known group a loose friendship group of primarily postgraduate philosophy students who attended the University of Oxford for a short period of time in the late 1960s The book traces the early development of the Oxford Group and its influence on animal rights theory and activism It also serves as a case study of how the emergence of important work and the development of new ideas can be explained as well as how the intellectual development of participants in a friendship group is influenced by their participation in a creative community For example would Peter Singer have written his landmark book Animal Liberation or anything about animal ethics without being exposed to the other members of the Oxford Group How would the discipline of animal ethics differ if the group had not produced their edited collection of articles Animals Men and Morals Drawing on previously unpublished correspondence among and interviews with the surviving Oxford Group members Robert Garner and Yewande Okuleye explore the social and political milieu in which the group formed to understand how such intellectual movements coalesce

Speciesism, Painism and Happiness Richard D. Ryder, 2017-01-16 Richard Ryder created the term speciesism in early 1970 and shared the idea with Peter Singer who popularised it in his classic work Animal Liberation 1975 A key figure in the modern animal rights revival Ryder appeared on the first ever televised discussion of animal rights The Lion's Share Scottish Television in December 1970 He further promoted the ideas around speciesism in recorded discussions with Bridget Brophy for the Open University and in his contribution to the seminal philosophical work Animals Men and Morals edited by the Oxford philosophers Stanley and Roslind Godlovitch and John Harris in 1971 From 1969 Ryder organised protests against animal experiments and bloodsports He continued to promote his ideas about speciesism in leaflets and broadcasts culminating in the publication of his Victims of Science in 1975 a book that provoked debates in Parliament and on television and was described by The Spectator at the time as a morally and historically important book Dr Ryder was elected to the RSPCA Council in 1971 first becoming Chairman in 1977 In 1980 he was founding Chairman of the Liberal Democrat Animal Protection Group and later ran for Parliament was Director of the Political Animal Lobby and then Mellon Professor in the Department of Philosophy at Tulane University Ryder coined the term painism to describe his wider moral theory in 1990 He has several times broadcast on the BBC's Moral Maze

The Animal Ethics Reader Susan Jean Armstrong, Richard George Botzler, 2003 The Animal Ethics Reader is the first comprehensive state of the art anthology of readings on this substantial area of study and interest A subject that regularly captures the headlines the book is designed to appeal to anyone interested in tracing the history of the subject as well as providing a powerful insight into the debate as it has developed The recent wealth of material published in this area has not until now been collected in one volume Readings are

arranged thematically carefully presenting a balanced representation of the subject as it stands It will be essential reading for students taking a course in the subject as well as being of considerable interest to the general reader Articles are arranged under the following headings Theories of Animal Ethics Animal Capacities Animals for Food Animal Experimentation Genetic Engineering of Animals Ethics and Wildlife Zoos Aquaria and Animals in Entertainment Companion Animals Legal Rights for Animals Readings from leading experts in the field including Peter Singer Mary Midgely and Bernard Rollin are featured as well as selections from Donald Griffin Mark Bekoff Jane Goodall Raymond Frey Barbara Orlans Tom Regan and Baird Callicott There is an emphasis on balancing classic and contemporary readings with a view to presenting debates as they stand at this point in time Each chapter is introduced by the editors and study questions feature at the end The foreword has been written by Bernard Rollin This will be appropriate reading for students taking courses in philosophy ethics zoology animal science psychology veterinary medicine law environmental science and religion **The**

Animal Ethics Reader Susan J. Armstrong, Richard G. Botzler, 2016-11-18 The Animal Ethics Reader is an acclaimed anthology containing both classic and contemporary readings making it ideal for anyone coming to the subject for the first time It provides a thorough introduction to the central topics controversies and ethical dilemmas surrounding the treatment of animals covering a wide range of contemporary issues such as animal activism genetic engineering and environmental ethics The extracts are arranged thematically under the following clear headings Theories of Animal Ethics Nonhuman Animal Experiences Primates and Cetaceans Animals for Food Animal Experimentation Animals and Biotechnology Ethics and Wildlife Zoos and Aquariums Animal Companions Animal Law and Animal Activism Readings from leading experts in the field including Peter Singer Bernard E Rollin and Jane Goodall are featured as well as selections from Tom Regan Jane Goodall Donald Griffin Temple Grandin Ben A Minteer Christine Korsgaard and Mark Rowlands Classic extracts are well balanced with contemporary selections helping to present the latest developments in the field This revised and updated Third Edition includes 31 new readings on a range of subjects including animal rights captive chimpanzees industrial farm animal production genetic engineering keeping cetaceans in captivity animal cruelty and animal activism The Third Edition also is printed with a slightly larger page format and in an easier to read typeface Featuring contextualizing introductions by the editors study questions and further reading suggestions as the end of each chapter this will be essential reading for any student taking a course in the subject With a new foreword by Bernard E Rollin *Putting Morality Back into Politics*

Richard D. Ryder, 2016-09-14 Machiavelli almost succeeded in removing morality from European politics and indeed since his day it has sometimes been assumed that morality and politics are separate Ryder argues that the time has come for public policies to be seen to be based upon moral objectives Politicians should be expected routinely to justify their policies with open moral argument In Part I Ryder sketches an overview of contemporary political philosophy as it relates to the moral basis for politics and Part 2 suggests a way of putting morality back into politics along with a clearer emphasis upon

scientific evidence **Genocide Or Ethnocide, 1933-2007** Bartolomé Clavero, 2008 **Understanding Animal Welfare**
Edward N. Eadie, 2012-10-01 This book examines the contents influence and potential of a personal selection of modern books published over the last fifty years that have been relevant to improving welfare The works selected comprise three earlier classics that mainly deal with animal experimentation and intensive farming as well as five that concentrate on specific subject areas namely history science applied ethics politics and law that are important to protecting the welfare of animals against suffering inflicted by humans The books are arranged in the order of their publication date and for each one a few related works are also mentioned or discussed This collection provides a broad understanding of animal protection issues and provides the necessary basis for an informed and comprehensive approach to improving the welfare of animals The books selected have been influential and they have the potential to improve animal welfare in the future
