The Politics Of Authenticity:

The Politics of Authenticity Marshall Berman, 2020-05-05 In this acclaimed exploration of the search for authentic individual identity Marshall Berman explores the historical experiences and needs out of which this new radicalism arose Focussing on eighteenth century Paris a time and place in which a distinctively modern form of society was just coming into its own Berman shows how the ideal of authenticity of a self that could organize the individual's energy and direct it toward his own happiness articulated eighteenth century man's deepest responses to this brave new world and his most ardent hope for a new life in it Exploring in particular the ideas of Montesquieu and Rousseau Berman shows how the ideal of authenticity was radically opposed to the bourgeois capitalistic idea of self interest **The Politics of Authenticity** Douglas Charles Rossinow, 1998 In the 1960s a left wing movement emerged in the United States that not only crusaded against social and economic exploitation but also confronted the problem of personal alienation in everyday life These new radicals young white raised in relative affluence struggled for peace equality and social justice Their struggle was cultural as well as political a search for meaning and authenticity that marked a new phase in the long history of American radicalism **The politics of authenticity** Marshall Berman, 1971 **The Politics of Identity** Michelle Harris, Martin Nakata, Bronwyn Carlson, 2013-01-01 The issue of Indigenous identity has gained more attention in recent years from social science scholars yet much of the discussions still centre on the politics of belonging or not belonging While these recent discussions in part speak to the complicated and contested nature of Indigeneity both those who claim Indigenous identity and those who write about it seem to fall into a paradox of acknowledging its complexity on the one hand while on the other hand reifying notions of tradition and authentic cultural expression as core features of an Indigenous identity Since identity theorists generally agree that who we understand ourselves to be is as much a function of the time and place in which we live as it is about who we and others say we are this scholarship does not progress our knowledge on the contemporary characteristics of Indigenous identity formations The range of international scholars in this volume have begun an approach to the contemporary identity issues from very different perspectives although collectively they all push the boundaries of the scholarship that relate to identities of Indigenous people in various contexts from around the world Their essays provide at times provocative insights as the authors write about their own experiences and as they seek to answer the hard questions Are emergent identities newly constructed identities that emerge as a function of historical moments places and social forces If so what is it that helps to forge these identities and what helps them to retain markers of Indigeneity And what are some of the challenges both from outside and within groups that Indigenous individuals face as they negotiate the line between authentic cultural expression and emergent identities Is there anything to be learned from the ways in which these identities are performed throughout the world among Indigenous groups Indeed why do we assume claims to multiple racial or ethnic identities limits one's Indigenous identity The question at the heart of our enquiry about the emerging Indigenous identities

is when is it the right time to say me us we them **The Politics of Authenticity in Presidential Campaigns, 1976-2008** Erica J. Seifert, 2014-01-10 Authenticity the dominant cultural value of the baby boom generation became central to presidential campaigns in the late 20th century Beginning in 1976 Americans elected six presidents whose campaigns represented evolving standards of authenticity Interacting with the media and their publics these successful presidential candidates structured their campaigns around projecting authentic images and connecting with voters as one of us In the process they rewrote the political playbook redefined presidentiality and changed the terms of the national political discourse This book is predicated on the assumption that it is worth knowing why The Politics of Authenticating Richard Ekins, Robert Porter, 2023-10-03 The Politics of Authenticating Revisiting New Orleans Jazz sets forth an entirely new approach to the study of authenticity based not upon a search for finding the true meaning of the concept or unmasking its claims Rather it details a grounded theory of authenticating as a basic socio political process important in understanding the origins development and consequences of competing knowledge claims in diverse areas of human experience and activity over time and place The book is part jazz historiography part autoethnography and part memoir It details Richard Ekins revisiting of the quest for authenticity in the social worlds of international New Orleans revivalist jazz from the early 1960s onwards from his standpoint as a social constructionist social scientist and cultural theorist The book grew out of a series of long detailed conversations between Ekins and his interlocutor Robert Porter and captures the energy and dynamism of these exchanges in the writing of the text providing what the authors call a riff methodology that might be drawn on by other scholars concerned to write books that revisit aspects of their personal and professional lives **Pahlavi Iran and the Politics of Occidentalism** Zhand Shakibi, 2019-12-12 Zhand Shakibi presents a new interpretation of the political and social dynamics of the last decade of the Shah's rule that challenges the binary view of pro West Shah and anti West Ayatollah by drawing attention to the Pahlavi state's reaction to the intellectual and societal backlash against cultural and moral Occidentalism in its last decade Revising the dominant historiography of the Pahlavi ideological and discursive approach to the West this book draws attention to the changes in the attitude of the Shah the Empress and state intellectuals towards the position and imagery of the West in state conceptions of the authenticity of Iranian national culture and identity Drawing on a wide range of primary sources Shakibi presents the multi faceted relationship of the Pahlavi state to the West and the institutions that were created to manage this such as the Rastakhiz Party This study argues that the Pahlavi state having recognized this backlash attempted to limit the threat to its legitimacy by reformulating intellectual discourses of anti West Occidentalism and incorporating them into the ideology of the Rastakhiz Party In so doing it played a critical role in exacerbating societal sensitivities about the spread of Western influences **Intellectual Discourse and the Politics of Modernization** Ali Mirsepassi, 2000-10-12 In this thought provoking study Ali Mirsepassi explores the concept of modernity exposing the Eurocentric prejudices and hostility to non Western culture that have characterized its development Focusing

on the Iranian experience of modernity he charts its political and intellectual history and develops a new interpretation of Islamic Fundamentalism through the detailed analysis of the ideas of key Islamic intellectuals The author argues that the Iranian Revolution was not a simple clash between modernity and tradition but an attempt to accommodate modernity within a sense of authentic Islamic identity culture and historical experience He concludes by assessing the future of secularism and democracy in the Middle East in general and in Iran in particular A significant contribution to the literature on modernity social change and Islamic Studies this book will be essential reading for scholars and students of social theory and change Middle Eastern Studies Cultural Studies and many related areas
