Pin Up 1852 Today Outlet, Ralph Stein, Rh Value Publishing, 1984-05-10 **The pin-up from 1852 to now** Ralph Stein, 1971 **Why We Fought** Robert B. Westbrook, 2012-01-11 Why We Fought is a timely and provocative analysis that examines why Americans really chose to sacrifice and commit themselves to World War II Unlike other depictions of the patriotic greatest generation Westbrook argues that strictly speaking Americans in World War II were not instructed to fight work or die for their country above all they were moved by private obligations Finding political theory in places such as pin ups of Betty Grable he contends that more often than not Americans were urged to wage war as fathers mothers husbands wives lovers sons daughters and consumers not as citizens The thinness of their own citizenship contrasted sharply with the thicker political culture of the Japanese which was regarded with condescending contempt and even occasionally wistful respect Why We Fought is a profound and skillful assessment of America s complex political beliefs and the peculiarities of its patriotism While examining the history of American beliefs about war and citizenship Westbrook casts a larger light on what it means to be an American to be patriotic and to willingly go to war *Uncovering Paris* Lela F. Kerley, 2017-06-07 Part I Public balls Staging the nue woman the 1893 Bal des Quat z Arts Policing public nudity the revolution of Sarah Brown Part II Music halls Performing nude erotic dancers and the female body as spectacle Mobilizing against immorality Ren B renger and France s moral leagues Debating Anastasie theatrical censorship s road to repeal Censoring artistic nudity Phryn before her judges The nue woman as the new woman Epilogue **Stardom** Christine Gledhill, 2003-09-02 In the past stars have been studied as cogs in a mass entertainment industry selling desires and ideologies But since the 1970s new approaches have reopened debate as film and cultural studies try to account for the active role of the star in producing meanings pleasures and identities for a diversity of audiences Stardom brings together for the first time some of the major writing of the last decade which seeks to understand the phenomenon of stars and stardom Gathered under four headings The System Stars and Society Performers and Signs Desire and Politics these essays represent a range of approaches drawn from film history sociology textual analysis audience research psychoanalysis and cultural politics They raise important issues about the politics of representation and the cultural limitations and possibilities of stars Sexual Borderlands Kathleen Kennedy, Sharon Rena Ullman, 2003 *French Popular Lithographic Imagery, 1815-1870* Beatrice Farwell, 1981 **Never Too Thin** Roberta Pollack Seid, 1989 Millions of American women are perpetual dieters many are stricken by devastating sometimes fatal eating disorders Though diet and therapy books abound few authors have tackled the complex sociocultural background that has influenced women and their view of themselves Social historian and analyst of popular culture Roberta Pollack Seid presents this perspective tracing and assessing the origins of weight consciousness up to our current mania She discovers a dangerous link dating to the early part of this century between medical prescriptives and fashion prerogatives A complex network of influences from politics and the rise of feminism to insurance company demographics and changes in the

food industry have reinforced and propagated the tie between fitness and thinness Seid exposes our cherished axioms
