Mystery of the Pirate Ghost Geoffrey Hayes,1985-01 **Mystery of the Pirate's Ghost** Elizabeth Hoffman Honness,1966 **The Ghost Pirates** William Hope Hodgson,2020-04-03 He began without any circumlocution I joined the Mortzestus in Frisco I heard before I signed on that there were some funny yarns floating round about her but I was pretty nearly on the beach and too jolly anxious to get away to worry about trifles Besides by all accounts she was right enough so far as grub and treatment went When I asked fellows to give it a name they generally could not All they could tell me was that she was unlucky and made thundering long passages and had no more than a fair share of dirty weather Also that she had twice had the sticks blown out of her and her cargo shifted Besides all these a heap of other things that might happen to any packet and would not be comfortable to run into Still they were the ordinary things and I was willing enough to risk them to get home All the same if I had been given the chance I should have shipped in some other vessel as a matter of preference When I took my bag down I found that they had signed on the rest of the crowd You see the home lot cleared out when they got into Frisco that is all except one young fellow a cockney who had stuck by the ship in port He told me afterwards when I got to know him that he intended to draw a pay day out of her whether any one else did or not The first night I was in her I found that it was common talk among the other fellows that there was something queer about the ship They spoke of her as if it were an accepted fact that she was haunted yet they all treated the matter as a joke all that is except the young cockney Williams who instead of laughing at their jests on the subject seemed to take the whole matter seriously This made me rather curious I began to wonder whether there was after all some truth underlying the vague stories I had heard and I took the first opportunity to ask him whether he had any reasons for believing that there was anything in the yarns about the ship At first he was inclined to be a bit offish but presently he came round and told me that he did not know of any particular incident which could be called unusual in the sense in which I meant Yet that at the same time there were lots of little things which if you put them together made you think a bit For instance she always made such long passages and had so much dirty

weather nothing but that and calms and head winds Then other things happened sails that he knew himself had been properly stowed were always blowing adrift at night And then he said a thing that surprised me There s too many bloomin shadders about this ere packet they gets onter yer nerves like nothin as ever I seen before in me nat ral
