The Po Delta Park:

The Po Delta Park Fabio Ziosi, Antonio Dalle Vacche, 1987 **Po Delta Park-Tourist Guide** ISBS Publishing, 1991-12-12 *Environmental Quality of the Po Delta Park*, 1998 **Waterways and the Cultural Landscape** Francesco Vallerani, Francesco Visentin, 2017-09-11

Water control and management have been fundamental to the building of human civilisation. In Europe, the regulation of major rivers, the digging of canals and the wetland reclamation schemes from the sixteenth to nineteenth centuries generated new typologies of waterscapes with significant implications for the people who resided within them. This book explores the role of waterways as a form of heritage, culture and sense of place and the potential of this to underpin the development of cultural tourism. With a multidisciplinary approach across the social sciences and humanities, chapters explore how the control and management of water flows are among some of the most significant human activities to transform the natural environment. Based upon a wealth and breadth of European case studies, the book uncovers the complex relationships we have with waterways, the ways that they have been represented over recent centuries and the ways in which they continue to be redefined in different cultural contexts. Contributions recognise not only valuable assets of hydrology that are at the core of landscape management but also more intangible aspects that matter to people such as their familiarity affecting what is understood as the fluvial sense of place. This highly original collection will be of interest to those working in cultural tourism, cultural geography, heritage studies, cultural history, landscape studies and leisure studies.

Ornithological Notebook, 2002 **Archaeology & Pilgrimage** Maddalena Bassani, Silvia González Soutelo, Martín López Nores, José Juan Pazos Arias, Susana Reboreda Morillo, Óscar Penín Romero, Alessia Mariotti, Paola Zanovello, Andrea Meleri, Jacopo Turchetto, Miguel Gomez-Heras, Laura García Juan, Mattia Vitelli Casella, Ludovico Rebaudo, Jacopo Tabolli, 2023

Engramma 204 collects researches and findings of several Italian and European scholars who have dealt with aspects related to ancient Medieval and Modern pilgrimage along the main three European Routes: Via Romea Francigena, Via Romea Strata, Via Romea Germanica or along other routes to the Holy Land. The issue is divided into three sections. The first one is dedicated to the European project *ruAllure* by Martín López Nores, José Juan Pazos Arias, Susana Reboreda Morillo, Óscar Penín Romero which focuses on the enhancement of minor sites along the pilgrimage routes of Europe and it is accompanied by an overview on the development of promotional activities for some Italian cases supervised by Alessia Mariotti. The second section presents a series of studies related to some contexts that are close to mineral springs or important waterways and were frequented by pilgrims throughout the centuries; these are articles by Paola Zanovello and Andrea Meleri's on the Euganean Hills, Padua by Maddalena Bassani's on the sanctuary of Minerva Medica in Val Trebbia, Piacenza and that at Timavo's Sources Monfalcone by Jacopo Turchetto on the centuriation between Padua and Altino. Furthermore, the articles by Silvia González Soutelo, Miguel Gómez Heras and Laura García Juan on the Bagno Vignoni area, Siena and by Alessia Mariotti and Mattia Vitelli Casella on the Argenta site, Po Delta. In the third and final section, one can

read two important contributions the first by Ludovico Rebaudo devoted to the study of manuscript evidences recorded during a pilgrimage to the Holy Land about archaeological remains in Anatolia the second by Jacopo Tabolli who presents an exhibition on votive bronzes left by pilgrims in the sanctuary at the Sorgenti di San Casciano ai Bagni Siena that recently opened at the Palazzo del Quirinale in Rome **Documents** Council of Europe: Parliamentary Assembly,2006-06-08
