The Poachers Handbook:

The Poacher's Handbook Ian Niall, 1950 Ian Niall wrote this masterpiece of country lore to retain the thrill of crossing the hills in the moonlight and of creeping up the woodside at dusk He said This book is about poaching in the old traditional style the craft of men who knew and loved the countryside and invoked the unorthodox skills rather than the crude use of modern science to catch their game which they took sparingly as they needed it From the Poacher's Handbook you will learn how to retrieve a ferret from a deep burrow and how to train a dog as well as the cunning ways of gamekeepers and the meaning in the changing flight of a loan pigeon You are advised to walk softly and to listen long when to run and when to stand still the thing to do in the black hat of night and the way to read a flushed magpie and the laugh of the jay Poet countryman and scholar Bernard O Donaghue wrote a foreword to this celebrated country classic which will delight a new generation of country lovers and collectors alike The Poacher's Handbook was first published in 1950 Hailed as the outstanding of nature books it was an immediate bestseller and achieved no less than 14 editions before being republished in 1960 as The New Poacher's Handbook but without Barbara Greg's wood engravings Since then there have been two separate paperback editions and total sales of over 100 000 This edition is a re issue of the original format and includes Barbara Greg's highly acclaimed wood engravings

New Poacher's Handbook IAN. NIALL, 1979 The Routledge Handbook of Technology, Crime and Justice M. R. Raising Hare Chloe Dalton,2025-03-04 NEW YORK TIMES BESTSELLER A moving and fascinating meditation on freedom trust loss and our relationship with the natural world explored through the story of one woman s unlikely friendship with a wild hare Imagine you could hold a baby hare and bottle feed it Imagine that it lived under your roof and lolloped around your bedroom at night drumming on the duvet cover when it wanted your attention Imagine that over two years later it still ran in from the fields when you called it and slept in your house for hours on end and gave birth to leverets in your study For political advisor and speechwriter Chloe Dalton who spent lockdown deep in the English countryside far away from her usual busy London life this became her unexpected reality In February 2021 Dalton stumbles upon a newborn hare a leveret that had been chased by a dog Fearing for its life she brings it home only to discover how impossible it is to rear a wild hare most of whom perish in captivity from either shock or starvation Through trial and error she learns to feed and care for the leveret with every intention of returning it to the wilderness Instead it becomes her constant companion wandering the fields and woods at night and returning to Dalton s house by day Though Dalton feared that the hare would be preyed upon by foxes stoats feral cats raptors and even people she never tried to restrict it to the house Each time the hare leaves Chloe knows she may never see it again Yet she also understands that to confine it would be its own kind of death Raising Hare chronicles their journey together while also taking a deep dive into the lives and nature of hares and the way they have been viewed historically in art literature and folklore We witness first hand the joy at this extraordinary relationship between human and animal which serves as a reminder that the best things and most beautiful experiences arise when we least expect them A beautiful book that makes you think profoundly about how we so often tune out the natural world around us Chloe Dalton is a tender curious wise mind expanding guide connecting readers with the wild we humans once knew so well I will be recommending this to everyone Matt Haig author of *The Midnight Library* *The Poacher's Handbook. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
