Dictatorship vs Democracy From October to Brest Litovsk Lenin Results and Prospects The Permanent Revolution Literature and Revolution The Bolsheviks and World Peace The Futurist Files Iva Glisic, 2018-10-26 Futurism was Russia's first avant-garde movement Gatecrashing the Russian public sphere in the early twentieth century the movement called for the destruction of everything old so that the past could not hinder the creation of a new modern society Over the next two decades the protagonists of Russian Futurism pursued their goal of modernizing human experience through radical art The success of this mission has long been the subject of scholarly debate Critics have often characterized Russian Futurism as an expression of utopian daydreaming by young artists who were unrealistic in their visions of Soviet society and naïve in their comprehension of the Bolshevik political agenda By tracing the political and ideological evolution of Russian Futurism between 1905 and 1930 Iva Glisic challenges this view demonstrating that Futurism took a calculated and systematic approach to its contemporary socio-political reality This approach ultimately allowed Russia's Futurists to devise a unique artistic practice that would later become an integral element of the distinctly Soviet cultural paradigm Drawing upon a unique combination of archival materials and employing a theoretical framework inspired by the works of philosophers such as Lewis Mumford Karl Mannheim Ernst Bloch Fred Polak and Slavoj Žižek The Futurist Files presents Futurists not as blinded idealists but rather as active and judicious participants in the larger project of building a modern Soviet consciousness This fascinating study ultimately stands as a reminder that while radical ideas are often dismissed as utopian and impossible they did and can have a critical role in driving social change It will be of interest to art historians cultural historians and scholars and students of Russian history **Mindful Leadership** Jeffrey L. Buller, 2019-03-12 This book applies the concept of mindfulness to the challenges faced by academic leaders such as department chairs deans provosts presidents or chancellors and faculty leaders In addition to instructing academic leaders how to become more mindful the book also provides clear and practical explanations about what mindful leadership means in the setting of higher education Unlike other books on mindfulness this work does not assume that the only pathway to becoming more mindful is meditation Although meditation is discussed as a technique the book also presents numerous other strategies for becoming a more mindful leader without a meditation practice The book is designed for use by individual academic leaders administrative teams in a retreat leadership workshops or training programs and courses in higher education leadership *Chance Is A Fine Thing* Philip Temple, 2014-10-03 A compelling and thoughtful memoir about a significant figure on New Zealand's literary and natural landscape The stories that I think worth telling are of how as a young man I left home on the other side of the world half a century ago and took the chance to become a New Zealander More of becoming a New Zealand writer now able to look back over 50 years and relate not only what happened to me of how I grew up but also something of how the country has grown and changed It is about my developing relationship with my country and some of its people As Philip Temple explains in his preface this is about his life and the country he chose to call home His memoir shows how he made this decision how he left

England at a young age and how he came to explore and love this country scaling its mountains and writing its stories New Zealand has always pulled him back despite adventures overseas exploring previously unknown regions of the world sailing in exciting waters trailing through Europe and a long love affair with Berlin Despite all this New Zealand became and remains his country In an honest and remarkably diverse appraisal of his life he reveals his personal and professional relationships including his search for his father the failure of his marriage difficult times working for the Listener and his campaigning for MMP It is also a fascinating account of how he has made a living as a full time writer Compelling thoughtful and moving this is an important view of the last fifty years *Russian and Soviet Views of Modern Western Art* Ilia

Dorontchenkov, N. A. Gur'ianova, 2009 From the first Modernist exhibitions in the late 1890s to the Soviet rupture with the West in the mid 1930s Russian artists and writers came into wide contact with modern European art and ideas Introducing a wealth of little known material set in an illuminating interpretive context this sourcebook presents Russian and Soviet views of Western art during this critical period of cultural transformation The writings document complex responses to these works and ideas before the Russians lost contact with them almost entirely Many of these writings have been unavailable to foreign readers and until recently were not widely known even to Russian scholars Both an important reference and a valuable resource for classrooms the book includes an introductory essay and shorter introductions to the individual sections

Literature and Revolution Leon Trotsky, 1925 *Mansion on the Hill* Olmond M. Hall, 2000 This story begins as a parody of a famous trial that took place in the 1990s However the travesty develops a life of its own The spoof takes place in the 1930s in the deep South It has similar names and in a number of other ways parallels the 1990 trial This satiric drama has hardships fun times romance murder suspense and mystery It delves into the backgrounds of some of the key players

Objects of His Affection Scotty Smith, 2010-05-11 To see our sins wounds idols and failures apart from God's is simply too much We will either minimize our condition thus marginalizing our need of grace or we will run away in hopeless despair to the arms of a lesser love or to the worship of lesser gods But God pursues us in our restlessness receives us in our sinfulness holds us in our brokenness and frees us from our lovelessness Scotty Smith excerpt from *Objects of His Affection* **Everest**

Base Camp Jenny Smith, AI, 2025-01-25 Everest Base Camp explores how the human body survives extreme high altitude environments blending mountaineering history with cutting edge physiology The book centers on three pillars how our organs cope with oxygen deprivation why genetics like the EPAS1 gene give some populations a natural edge and the strategies climbers use to avoid altitude sickness By dissecting Himalayan expeditions and lab studies it reveals that conquering Everest isn't just about endurance it's a delicate dance between biology preparation and technology The book stands out by weaving gripping narratives from climbers with digestible science such as explaining hypoxia through atmospheric pressure analogies or linking Tibetan genetic adaptations to a biological lottery Structured in three parts it progresses from foundational concepts like how hemoglobin binds oxygen to real world applications including acclimatization

protocols and emerging gear like portable hyperbaric chambers A chapter on the 2019 National Geographic expedition pairs climbers heart rates with their diary entries making abstract terms like ventilatory threshold relatable Beyond mountaineering the research informs medical treatments for sleep apnea and critical care Practical checklists recognizing early hypoxia symptoms or optimizing sleep at altitude bridge science to daily life By framing Everest as both a biological puzzle and a metaphor for human resilience this book offers universal lessons on adapting to stress proving that survival at 8 848 meters holds insights for sea level challenges too *The Art of Penography* Bruce Byrne,2012-12-18 The Art of Penography is Don Savant s way of breaking new literary ground to introduce his readers to his the artistic side of his poetry while still maintaining a level of love that is to be expected from everything he writes **Stirring Green Water** Betty Kiehm,2023-09-05 I have always considered myself to be shy and socially awkward even though I enjoy being with people But on this day as I watched the lifeless staggered steps of a familiar stranger walk by as if futility was his only hope God completely crushed my heart I immediately knew what He wanted me to do Shy awkward and all somehow I needed to barge my way into the life of this elderly Einstein like stranger and share the love and hope of Jesus with him God wanted to breathe life back into the body and soul of this broken lifeless man and my obedience was part of His plan I had no idea how this would happen but I knew God did My part was to trust and obey The rest was up to God It was by obeying the promptings God placed in my heart that I felt Him working to touch the life of this stranger as He breathed life back into his vacant and withering soul Through obedience I was given a front row seat as I watched God touch the life of this precious little man The unorthodox friendship that followed was something only God could have foreseen **Oceans** Johnna Rizzo,2010 Presents a variety of sea creatures and their homes including dolphins sharks and sea turtles Rest Rituals Valerie Oula,2022-04-26 Rest easy with this collection of over 50 powerful restorative techniques Good sleep the kind that leaves you with increased mental clarity steady energy and excitement for the day ahead can be elusive But it s within reach vibrational energy healer and meditation instructor Valerie Oula has put together over fifty rituals for winding down drifting off and improving the quality of your rest Her practice includes guided meditations and visualizations to help you center yourself breathwork for calming an anxious mind tapping or working with meridians to cleanse your energy centers mantras and intention setting practices for clear focus and an easier wake up routine Rest Rituals is an easy to use guide for anyone who wants to sleep with tranquility and ease **Ocean Animals** Johnna Rizzo,2016 Swim with sharks Dive with dolphins Stroll the beach with penguins Young readers will joyfully immerse themselves in this awesome adventure at sea in which stunning National Geographic photos reveal hidden worlds of action and beauty We meet 30 favorite sea creatures and explore their watery homes playful dolphins mysterious sharks graceful sea turtles waddling penguins and dozens of others Kids will marvel at speedy swimmers on the hunt and smile at cuddly scenes of animal families To give background on the attention grabbing photographs each page is sprinkled with fun facts and layered with information about ocean wildlife and
