Cotugno,2011 Dr Cotugno employs theories of group therapy and cognitive development and integrates them with skill based instructional approaches to develop the comprehensive Social Competence Enhancement Program SCEP This peer based group focused program is explained in detail including a

step by step guide to its implementation      **Writing Strategies for the Common Core** Hillary Wolfe, 2013-12-18 Middle school students must be able to write explanatory informational argument and narrative genre pieces and respond to literature both for standardized tests and more importantly real world writing With a balanced literacy approach Wolfe provides core instruction teaching strategies and mini lessons on these text types each of which can be delivered in a four to six week time period Each mini lesson includes applicable Common Core Standards materials lists overviews planning tips procedures including modeling guided practice and independent practice opportunities reading connections formative assessments and reproducible graphic organizers for scaffolding Prerequisite skill overviews and rubrics both analytic for formative assessments and holistic for summative assessments are also provided for each genre unit to simplify your teaching and ensure student success      Preventing School Violence Marjorie S. Schiering, 2020-03-24 Preventing School Violence Guidelines for Teaching Civility and School Harmony is an amazing resource that reminds the reader of the importance of establishing and maintaining meaningful relationships among the school community teachers administrators students families and the community at large As educators we are responsible for modeling civility in our schools by creating significant connections with others This book provides the reader with profound scenarios approaches and strategies to promote civility and encourage school harmony and to explore what dignity for all really means      **Cue-enhancement as a function of task-set** Walter C. Cogel, 1967 Under flight conditions as well as in other situations judgments of the distances between objects may depend upon a variety of possible cues In this study the hypothesis was tested that the intention to use a particular cue relation would enhance the effectiveness of that particular cue in determining the resulting perception For this purpose a situation was presented in which the apparent depth position of an object in a configuration of objects would differ depending upon which of two possible cue relations size cues were used The results support the conclusion that the perceived depth position of the object differed in the expected directions as a function of the task set The data of the study are discussed with respect to the adjacency principle which states that cue efficiency is determined by the relative adjacency of objects between which the cues occur Although the effect of cue set upon the perception seems to be small compared with that of adjacency it cannot completely be ignored Author      *Multitasking: Executive Functioning in Dual-Task and Task Switching Situations* Tilo Strobach, Mike Wendt, Markus Janczyk, 2018-03-27 Multitasking refers to performance of multiple tasks The most prominent types of multitasking are situations including either temporal overlap of the execution of multiple tasks i e dual tasking or executing multiple tasks in varying sequences i e task switching In the literature numerous attempts have aimed at theorizing about the specific characteristics of executive functions that control interference between simultaneously and or sequentially active component of task sets in these situations However these approaches have been rather vague regarding explanatory concepts e g task set inhibition preparation shielding capacity limitation widely lacking theories on detailed mechanisms and or empirical evidence for specific subcomponents The present research topic aims at

providing a selection of contributions on the details of executive functioning in dual task and task switching situations The contributions specify these executive functions by focusing on 1 fractionating assumed mechanisms into constituent subcomponents 2 their variations by age or in clinical subpopulations and or 3 their plasticity as a response to practice and training

**Teaching Psychological Skills** Dale Larson, 1984      *Developing Entrepreneurial Mindsets, Ideas, and Opportunities* Heidi M. Neck, Christina Theodoraki, Bethlem Boronat-Clavijo, 2025-01-09 Presenting experiential and rigorously tested methodologies developed by over 40 global entrepreneurship educators this timely guide helps educators add dynamic interactive immersive fun and practice based experiences to their courses It skilfully covers the three most important areas of entrepreneurship education entrepreneurial mindsets idea generation and opportunity evaluation
