Skimmin Stones:

Why Men Skim Stones Chris Windle, 2015-06-04 Have you ever watched a man angling in the rain building a shelter when there's a bed waiting for him at home or peeing as high as he can up a wall In *Why Men Skim Stones* Chris Windle provides an amusing and indispensable insight into why men do the things they do Here finally is a guide that tackles the big questions why do male friends express their affection by subjecting each other to casual acts of violence Why is it common for a man to have more of an idea of what he might do in the event of a zombie apocalypse than what he might buy his mum for Christmas If you've ever been dumbfounded when faced with a man who would rather talk to an inanimate object than read the instruction booklet this is the book for you *Why Men Skim Stones* is a compendium of oddness which by offering explanations for man's often bizarre behaviour seeks to promote tolerance and understanding This is a book that could save relationships smooth family life or provide much needed reassurance for any man seeking to better understand his own actions

Berriman,2016-03-03 Catherine found herself holding her jet pendant It had become far more than a piece of jewellery Given to her by Shadiz the polished jet with its silver mounting inscribed with strange symbols had become a mystical link to its moonstone counterpart worn by him Jet and moonstone had spun a remarkable gossamer thread between the two of them Seasons of Fate Autumn and Winter follows on from Catherine and Shadiz s surprise marriage at the end of Seasons of Fate Spring and Summer It is 1644 and due to the Civil War two Parliamentarian armies and the Scottish army have descended on North East Yorkshire laying siege to Royalist York Immediately after the ceremony Shadiz sent Catherine away despite her pleas to stay with him He believes it was safer for Catherine to leave their home the Lodge in Stillingfleet Forest Before her departure he made a rare confession making it plain that apart from the war and his enemies at Fylingdales Hall he too

posed a threat to her After making the journey to Shadiz's chateau in France Catherine still remains in danger The Dowager of Fylingdales and her brother are intent upon using Catherine to bring about Shadiz's downfall but their scheme is thwarted by an unexpected intervention This results in Catherine sailing deeper into the Mediterranean to a dubious island that Shadiz certainly does not want her to experience Once again the moonstone and jet pendants Shadiz and Catherine wear draw them together only for them to be vulnerable to a weird malice that hurls Shadiz back into the war in England Yet more deadly is the battle he must win for Catherine's and his own existence

More Rules of Radiology Paul McCoubrie, 2024-08-30 Based on the social media success of my series of articles around The Rules of Radiology this follows on from the first volume The Rules of Radiology published in 2021 More Rules of Radiology is the second and final volume that contains Rules 51-100 The Rules provide a guide to what radiology is and what radiologists do Or rather what radiology should be and what radiologists should do This book and its prior sister volume looks hard not just at radiology but also provides a distinctly wry look at the curious and occasionally alien world of hospital based medical practice I ask questions and poke fun but it is serious intent My motto is first make you laugh then make you think Or as George Bernard Shaw wrote My method is to take the utmost trouble to find the right thing to say and then to say it with the utmost levity Each of the Rules addresses an important part of professional practice I analyse the underpinning concepts of modern radiology critically reflect on underlying assumptions pose thoughtful questions and provide measured debate All sprinkled with a mixture of weak jokes puns and gratuitous word play As a relatively young but rapidly expanding specialty there has been no guide for radiologists no moral compass Until now I provide opinions and guidance on key matters sometimes controversial but always reasoned The hope is to provide the reader with much food for thought Not only that but this volume and its predecessor aim to provide a manifesto for radiologists across the globe to raise their game and serve their patients better

The Amazing Adventures of the Gnome Nog

Allen Ropiecki, 2022-09-13 It all began one spring morning when I was taking my usual walk around the lake called Granite in the shire of Chess Everything was fresh and green as nature once again welcomed the new season A short distance on my walk I was startled by a small creature of about eighteen inches tall that came out from the thick foliage and began to talk to me I didn't want him to feel uncomfortable so I returned his greeting of hello He then asked me if I had seen his pet chipmunk Spunkie to which I replied that I had not He then joined me on my walk telling me all about his many adventures Apparently forest gnomes began each day planning just what they wanted to do that day They called these activities adventures They could be the planning of the inchworm races or the unplanned appearance of the rare and elusive wandering pine I listened to the gnome Nog tell many of his adventures as we walked around the lake looking for his pet chipmunk As quick as he showed up he just as quickly disappeared as he scurried back into the brush The stories in this book contain the stories I could remember from our conversation Each chapter contains one of his adventures Enjoy them all
