**Facebook Fanpage Profits** John Hawkins,2019-02-15 Your Guide to Facebook Fan Page Profits Learn The Secrets to Creating and Profiting With Facebook Fan Pages Now most people you know will be on Facebook The amount of traffic and the level of publicity Facebook receives is astonishing This is why there is a lot of money to be made from Facebook Since the introduction of Fanpages Facebook has changed the way we market our business onl The Unelected James R. Copland,2020-09-15 America is highly polarized around elections but unelected actors make many of the decisions that affect our lives In this lucid history James R Copland explains how unaccountable agents have taken over much of the U S government apparatus Congress has largely abdicated its authority Independent administrative agencies churn out thousands of new regulations every year Courts have enabled these rulemakers to expand their powers beyond those authorized by law and have constrained executive efforts to rein in the bureaucratic behemoth No ordinary citizen can know what is legal and what is not There are some 300 000 federal crimes 98 percent of which were created by administrative action The proliferation of rules gives enormous discretion to unelected enforcers and the severity of sanctions can be ruinous to citizens who unwittingly violate a regulation Outside the bureaucracy private attorneys regulate our conduct through lawsuits Most of the legal theories underlying these suits were never voted upon by our elected representatives A combination of historical accident decisions by judges and law professors and self interested advocacy by litigators has built an onerous and expensive legal regime Finally state and local officials may be accountable to their own voters but some reach further afield pursuing agendas to dictate the terms of national commerce These new antifederalists are subjecting the citizens of Wyoming and Mississippi to the whims of the electorates of New York and San Francisco contrary to the constitutional design In these ways the unelected have assumed substantial control of the American republic upended the rule of law given the United States the world s costliest legal system and inverted the Constitution s federalism Copland caps

off his account with ideas for charting a corrective course back to democratic accountability      *Building In Research and Evaluation* Yoland Wadsworth, 2016-06-16 Yoland Wadsworth's ground breaking proposition is that the act of inquiry is the way by which every living organism and all collective human life goes about continuously learning improving and changing Building in Research and Evaluation explores this new approach a basic theory of human understanding and action By deepening our understanding about the cyclical processes of acting observing questioning feeling reflecting thinking planning and acting again Wadsworth identifies how new life might be brought to what we do both professionally and personally Far from being dry academic theory she shows how this practice derived evaluative inquiry process can drive progress toward social justice and human betterment This book will open new vistas of thought and new methods of inquiry for the reflective practitioner in health human services education social sciences It is the theoretical capstone of a trilogy of best selling books by Wadsworth which also includes *Everyday Evaluation on the Run* and *Do it Yourself Social Research*
