Company, 1924 [The Vet 1: my wild and wonderful friends](#) Luke Gamble, 2011-04-28 Luke Gamble is a West Country treasure. Like Dr Doolittle but real. MARTIN CLUNES. Fresh out of university, vet Luke Gamble joined a mixed practice in Dorset run by the stern but benevolent Mr Spotswoode. He found himself quickly thrust into the real world of veterinary medicine: truculent farmers, out-of-hours surgery, nasty biting squirrels, operating on frog's eyeballs, and some of the harsher facts of farming life like dealing with a tragic outbreak of foot and mouth. Luke dreams of setting up his own practice and finding his place in the big wild world. These dreams, however, are never quite as straightforward as they may seem. In the first instalment of his memoir, the young vet not only learns much about his trade but also learns a lot about himself along the way, developing a group of close friends, both animal and human. The most important of these is Cordelia, the woman of his dreams, and his quest to win her heart is a marathon. Warm-hearted, witty, and full of weird and wonderful tales, *The Vet* is the perfect read for animal lovers.

Working with Spirit Jo Thobeka Wreford, Joanne Wreford, 2008 In the current model of health dispensation in South Africa, there are two major paradigms: the spirit-inspired tradition of izangoma, sinyanga, and biomedicine. These operate at best in parallel but more often than not are at odds with one another. This book, based on the author's personal experience as a practitioner of traditional African medicine, considers the effects of the absence of spirit in biomedicine on collaborative relationships. Given the unprecedented challenge of the HIV/AIDS epidemic in the country, the author suggests that more cooperation is vital. Taking a critical look at the role of anthropology in this endeavor, she proposes the development of a language of spirit by means of which the spirit-inspired aetiology of izangoma, sinyanga, may be made comprehensible to academic scientists and applicable to medical interventions. The author discusses white izangoma in the

context of current debates on healing and hybridity and insists that there exists a powerful role for izangoma in the realm of societal healing Above all the book constitutes a start in what the author hopes will develop into an ongoing intellectual conversation between traditional African healing academe and biomedicine in South Africa

GTO: 14 Days in Shonan 5 Toru Fujisawa,2022-02-01 In the fifth volume of 14 Days in Shonan Eikichi Onizuka the Great Teacher has a very unique assignment to take on Normally he spends most of his time teaching teens life lessons He uses the school of hard knocks technique to open people's hearts However in this situation the GTO must make an effort to reunite a child with his mother He must also teach the child that sometimes choosing family is not the right solution Everyone would like to have a happy household Being able to sit by the dinner table to discuss the day's highlights is an ideal that is not reality for millions across the globe And in the case of the teens at the White Swan such realities are generally fictitious because of a variety of reasons That does not excuse anyone involved from wishing for such a life but changing the hearts of adults often means changing their lives at their core Words or fisticuffs will not be enough So Seiya a young man who appears to be on the way to a pleasant self-reliant life turns to violence to try to get his mother and family life back But what happens when your very own mother is willing to take a knife at you Well this is Seiya's reality And this is one lesson Onizuka will hate to have taught Then

the spotlight turns to Onizuka's employer Great Vice Principal Uchiyamada. He's also in Shonan and on the hunt for Onizuka. But out of his element and turf, this educator is now caught up in a wild ride through the Tokyo suburbs.

[SHADOW SEARCH](#) Don Pendleton, 2014-01-15 INTO THE HEART The bloody terrain of West Africa is the staging ground for a rescue mission with almost impossible odds. Mack Bolan's directive comes straight from the Oval Office: find and recover two hostages kidnapped to blackmail the embattled head of a civil war-torn province. Bolan is facing powerfully backed terrorists whose campaign of death strikes fear into the heart of a struggling nation. And his offensive loses ground when he clashes with ruthless slave traders whose innate knowledge of the hostile African bush makes the enemy and the hostages more elusive. But the war continues deep into the shadow land where violence and death rule, and justice comes only at the uncompromising hand of the Executioner.
