Nisbet Bain, 2013-06-13 This 1908 book presents a comprehensive account of the political history of Poland and Russia over a period of 350 years The text begins with a discussion of the reign of Casimir IV before moving through various historical phases to the reign of Catherine the Great Slavonic Europe R. Nisbet Bain, 2015-06-15 Excerpt from Slavonic Europe A Political History of Poland and Russia From 1447 to 1796 The aim of this series is to sketch the history of Modern Europe with that of its chief colonies and conquests from about the end of the fifteenth century down to the present time In one or two cases the story commences at an earlier date in the case of the colonies it generally begins later The histories of the different countries are described as a rule separately for it is believed that except in epochs like that of the French Revolution and Napoleon I the connection of events will thus be better understood and the continuity of historical development more clearly displayed The series is intended for the use of all persons anxious to understand the nature of existing political conditions The roots of the present lie deep in the past and the real significance of contemporary events cannot be grasped unless the historical causes which have led to them are known The plan adopted makes it possible to treat the history of the last four centuries in considerable detail and to embody the most important results of modern research It is hoped therefore that the series will be useful not only to beginners but to students who have already acquired some general knowledge of European History For those who wish to carry their studies further the bibliography appended to each volume will act as a guide to original sources of information and works more detailed and authoritative Considerable attention is paid to political geography and each volume is furnished with such maps and plans as may be requisite for the illustration of the text About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Slavonic Europe** Robert Nisbet Bain, 2016-05-22 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was
