Praxagoras of Cos as well as Plato Aristotle and Theophrastus The collection further includes studies of some of the less well known works in the Hippocratic Corpus such as Internal Affections On the Eye and Prorrhethicon And finally a number of papers are devoted to the impact and reception of Hippocratic thought in later antiquity and the early modern period

Diseases of the Brain Ricarda Gäbel, 2022-08-22 In earlier scholarship the late antique medical compilations of Oribasius of Pergamon Aetius of Amida and Paul of Aegina were rather neglected and were believed to add nothing new themselves to what Galen in particular had to say By now scholarship has undergone a positive change in attitude towards these authors and their works This book contributes to this modern picture of late antiquity as a vibrant and fascinating period through close analysis of the work of Aetius of Amida 6th century CE It offers the very first modern translation of chapters 1-10 of the sixth book of Aetius *Libri medicinales* as well as a detailed commentary on these chapters Together with an extensive introduction it thus makes Aetius' treatise accessible to a wider audience and takes into account Aetius' craft as a compiler by analyzing his literary and compilation techniques Book 6 of Aetius' compilation is especially interesting because it deals with diseases of the brain and thus also discusses mental illnesses such as phrenitis melancholia or mania Therefore this volume

also sheds light on the treatment of brain diseases in late antiquity and furthers our understanding of the history of mental disorders in ancient medical texts The Fallen Valkyrie Duet J.E. Taylor, 2023-12-04 A fallen Valkyrie A Fae Wraith hybrid Enemies become allies to survive a god's wrath Odin's Order to reap an innocent soul from Earth makes me question everything I have ever known as a Valkyrie Protecting the innocent is our basis for existing and now I must decide Do I blindly follow his order If I don't I will be just another casualty in Odin and Thor's destruction of the realms Anyone who challenges their rule dies a very public death regardless of their origins And now they have enslaved Earth Reyfyre a fae wraith hybrid and one of Asgard's enemies has been hiding in this realm his entire life When he finds me he offers asylum as long as I help him kill Odin and Thor With everything they have done how can I refuse When a bounty is placed on my head we make the decision to leave Reyfyre's mountain sanctuary and head to New York to get lost in the city of millions But the trek across the Canadian wilderness brings us face to face with hidden refugees predators and thieves There's no other option but to survive If we die then there will be no one left to stop the callous gods before they destroy the only realm left But are we strong enough to take down a god If you like dark twists on Norse Mythology you will love the Fallen Valkyrie duet
