... **Tariff Schedules** United States. Congress. House. Committee on Ways and Means,1913      *Smythe's Theory of Everything* Robert Hollingworth,2018-11-01 In 2004 the author found a little diary of 386 pages written by a 62 year old man in a nursing home This story is inspired by that diary E mc2 Jack Smythe thinks Einstein is wrong and he has a theory to prove it But he s no physicist Instead he s been a homeless kid a palmreader a cosmic theorist a father of two who probably aren t his and a devoted companion to his sister Kitty who has her own demons But now at 62 he wakes after an operation to find he s been placed at Eden a below average nursing home Here he is confronted by Nurse Stinson Collier the Hun Pistol Pete Skeleton Joe Dooley the publican Jim the ex politician and Jim s rebel granddaughter among others He wants nothing to do with any of them Instead with wry wit Jack begins a story about Kitty starting with the day they ran away from home for good It seems Jack is always running away and ultimately there s a daring escape at Eden But unknown to Jack it s the muddle of geriatrics at Eden that eventually put meaning in his life      **Harpoons and Darts in the Stefánsson Collection**

Clark Wissler,1916 Study of Eskimo artifacts in the Stefánsson collection      *Back to the Land* Dona Brown,2011-06-01 For many going back to the land brings to mind the 1960s and 1970s hippie communes and the Summer of Love The Whole Earth Catalog and Mother Earth News More recently the movement has reemerged in a new enthusiasm for locally produced food and more sustainable energy paths But these latest back to the landers are part of a much larger story Americans have been dreaming of returning to the land ever since they started to leave it In *Back to the Land* Dona Brown explores the history of this recurring impulse Back to the landers have often been viewed as nostalgic escapists or romantic nature lovers But their own words reveal a more complex story In such projects as Gustav Stickley s Craftsman Farms Frank Lloyd Wright s Broadacre City and Helen and Scott Nearing s quest for the good life Brown finds that the return to the farm has meant less a going backwards than a going forwards a way to meet the challenges of the modern era Progressive reformers pushed for homesteading to help impoverished workers get out of unhealthy urban slums Depression era back to the landers wary of the centralizing power of the New Deal embraced a new third way politics of decentralism and regionalism Later still the movement merged with environmentalism To understand Americans response to these back to the land ideas Brown turns to the fan letters of ordinary readers retired teachers and overworked clerks recent immigrants and single women In seeking their rural roots Brown argues Americans have striven above all for the independence and self sufficiency they associate with the agrarian ideal Best Books for General Audiences selected by the American Association of School Librarians      **The**

Andrew Ross,2015-05-21 How did a small Canadian regional league come to dominate a North American continental sport Joining the Clubs The Business of the National Hockey League to 1945 tells the fascinating story of the game off the ice offering a play by play of

cooperation and competition among owners players arenas and spectators that produced a major league business enterprise Ross explores the ways in which the NHL organized itself to maintain long term stability deal with its labor force and adapt its product and structure to the demands of local regional and international markets He argues that sports leagues like the NHL pursued a strategy that responded both to standard commercial incentives and also to consumer demands that the product provide cultural meaning Leagues successfully used the cartel form an ostensibly illegal association of businesses that cooperated to monopolize the market for professional hockey along with a focus on locally branded clubs to manage competition and attract spectators to the sport In addition the NHL had another special challenge unlike other major leagues it was a binational league that had to sell and manage its sport in two different countries Joining the Clubs pays close attention to these national differences as well as to the context of a historical period characterized by war and peace by rapid economic growth and dire recession and by the momentous technological and social changes of the modern age
