Mont Blanc and the Aiguilles Rouges - a Guide for Skiers: Complete Guide Anselme Baud,2015-03-04 All the skiing downhill of the Aiguilles Rouges and Mont Blanc mountains are gathered in this unique book written by one of the most talented skiers of his generation Located at the very heart of the highest mountains of Europe the majestic Mont Blanc massif stands as a reference among the most sacred skiing places in the world When winter comes this snow addict heaven offers a unique range of dream slopes from the easiest to the most breathtakingly high ones Anselme Baud is an extreme skiing leading head and one of the best experts of this mountain He gives us here the first comprehensive rundown of the Mont Blanc and Aiguilles Rouges skiing downhill From classic skiing hikes to mountaineering competitions this guide book presents a precise description of all the biggest slopes this mythic area could offer Thanks to his charming accounts and instructive advice Anselme Baud shares with us his precious and wide experience as a high mountain guide and an exceptional skier PRESS REVIEW In its own genre this is a bible Alpinisme its deadly rages terrifying some and fascinating others The first to tread on its snowy dome were the Chamoniards Gabriel Paccard and Jacques Balmat on 8th August 1786

Since that time the mountain has enjoyed no respite first came the caravans of hopeful conquerors then there were the intrepid unguided parties those in eager pursuit of discovery and adventurers of all kinds Latterly with the aid of advances in technology we have witnessed or indeed participated in some more irreverent assaults on the mountain s dignity Jansen s laboratory financed by Eiffel a banquet sponsored by a leading brand of champagne a car on the summit that subsequently remained stranded in a snowdrift on the Petits Mulets Ridge 4690m for several months to name but a few

Talèfre-Leschaux - Mont Blanc and the Aiguilles Rouges - a Guide for Skiers Anselme Baud, 2015-03-04 Discover the skiing downhills of the Tal fre Leschaux Mountain in this very detailed and documented book written by one of the most talented skiers of his generation Located at the very heart of the highest mountains of Europe the majestic Tal fre Leschaux massif stands as a reference among the most sacred skiing places in the world When winter comes this snow addict heaven offers a unique range of dream slopes from the easiest to the most breathtakingly high ones Anselme Baud is an extreme skiing leading head and one of the best experts of this mountain From classic skiing hikes to mountaineering competitions this guide book presents a precise description of all the biggest slopes this mythic area could offer In this volume you can find all the information about Tal fre Leschaux Thanks to his charming accounts and instructive advice Anselme Baud shares with us his precious and wide experience as a high mountain guide and an exceptional skier ABOUT THE AUTHOR Born in Morzine in 1948 Anselme Baud left his mark on the Alps skiing steep slopes history As a high mountain guide in 1973 he was one the first to ski on extreme downhills in the Alps the Andes in Antarctica or in the Himalayas As an ENSA professor he supervised during several years the mountain guides trainings in Bolivia and Nepal EXCERPT We are now on the south side of the huge and austere rocky walls that make up the north faces of the Aiguille Verte the Droites and the Courtes We leave behind us the vertiginous ice slopes that fall straight down to the Argenti re Glacier But don t for a minute think that things are going to be easier on this side because that certainly isn t the case Whichever side you are on the slopes here are just steep Nevertheless the history of extreme skiing has made light work of these south and west faces Whether it s the Charpoua cirque where Jean Marc Boivin and others pioneered routes or the south faces of the Droites and the Courtes nothing is as it seems These routes are consistently exposed and so to the risks of the routes themselves you should add those that their orientation brings rock fall avalanches Although accessing these routes was made a little bit easier by the construction of the Aiguille du Midi cable car and the Montanvers railway few of them can be done in a day Moreover some of these areas such as the Courtes Glacier are very broken up and crevassed which makes accessing them quite a hit and miss affair The Tal fre Glacier has receded so far since 2000 that you can now avoid the dangerous and tiresome trudge up the Leschaux Glacier moraine This convenient gap in the glacier means that on the climb up you can easily get to the foot of the Pierre B ranger via the west face of the old line of moraine The descent down the right bank is even easier still Don t let this picture of ease and comfort fool you the skiing is hard here and these are real mountains To ski here you have to be an experienced

mountaineer as well as skier All that said this area has great routes to ski to dream about and to remember for a long time to come

Winter Wonders Elizabeth Dé Voyage,2023-11-26 Take off on an enthralling journey across France s picturesque scenery during the most wonderful time of year Immerse yourself in the rich tapestry of French holiday customs with this fascinating book Winter Wonders A Festive Journey Through Christmas in France This book is a joyful companion providing insights into regional traditions delectable food and the kind hospitality that marks a French Christmas from the quaint Alsace Christmas markets to the sparkling lights along the Seine in Paris Come along on an adventure where the smell of mulled wine fills the air carols fill the air as you stroll through mediaeval alleys and winter wonders lurk around every corner just waiting to be found

Ultimate Skiing Adventures Alf Alderson,2020-11-03 Ultimate Skiing Adventures takes you on a skiing voyage around the planet s biggest best and most unusual ski destinations from the huge mega resorts of the French Alps to sailing along Iceland s north coast in search of great snow there are exciting adventures that will appeal to everyone from novice to expert The inspirational descriptions of 100 locations combine Alf Alderson s personal experience with the input of experts in all aspects of skiing and mountain sports and are accompanied by stunning full page photography from some of the world s foremost ski photographers Published in a year of great uncertainty for ski travel this book allows you to escape onto the slopes in your own home Perfect for indulging in some armchair skiing of slopes that only the most adventurous will tackle and for planning your next ski trip And it s not just about skiing the contents cover avalanche rescue techniques snow science road trips the work of ski patrollers and resorts so remote and obscure that you may never have heard of them The book is divided into sections on Western Europe Eastern Europe North America Scandinavia and the Rest of the World Discover where you will ski next in reality or in your imagination
