Leadership isn't a job it's a journey **SO YOU WANT TO LIVE IN A SMALL TOWN** Allan and Rosemary Young, 2012-10-28 SO YOU WANT TO LIVE IN A SMALL TOWN By Allan and Rosemary Young Allan and Rosemary Young grew up in the country just outside small towns Then after living in larger towns and cities they were seeking that elusive dream of the real America as sung about by country western singers and written about by poets What they found of course were all the problems of the cities just rearranged as well as lots of unexpected joys but very little of what they remembered from their younger days when things happened which they did not know about or were just too young to remember They weren't exactly seeking their roots since they didn't want to return to either of the towns from which they came so they

deliberately selected one in between then another and another They actually lived in three small towns over the next few years each offering distinct advantages and distinct disadvantages as well     [Awesome Math](#) Titu Andreescu, Kathy Cordeiro, Alina Andreescu, 2019-11-13 Help your students to think critically and creatively through team based problem solving instead of focusing on testing and outcomes Professionals throughout the education system are recognizing that standardized testing is holding students back Schools tend to view children as outcomes rather than as individuals who require guidance on thinking critically and creatively Awesome Math focuses on team based problem solving to teach discrete mathematics a subject essential for success in the STEM careers of the future Built on the increasingly popular growth mindset this timely book emphasizes a problem solving approach for developing the skills necessary to think critically creatively and collaboratively In its current form math education is a series of exercises straightforward problems with easily obtained answers Problem solving however involves multiple creative approaches to solving meaningful and interesting problems The authors co founders of the multi layered educational organization AwesomeMath have developed an innovative approach to teaching mathematics that will enable educators to Move their students beyond the calculus trap to study the areas of mathematics most of them will need in the modern world Show students how problem solving will help them achieve their educational and career goals and form lifelong communities of support and collaboration Encourage and reinforce curiosity critical thinking and creativity in their students Get students into the growth mindset coach math teams and make math fun again Create lesson plans built on problem based learning and identify and develop educational resources in their schools Awesome Math Teaching Mathematics with Problem Based Learning is a must have resource for general education teachers and math specialists in grades 6 to 12 and resource specialists special education teachers elementary educators and other primary education professionals     **So You Want to Be a Teacher?** Elizabeth H. Brett, 2013-05-13 So You Want to Be a Teacher is a bit of light reading in a troubled world today I left names by the wayside and emphasized actions especially innovative behavior The students I enjoyed were full of mischief but for the most part it was simply that mischief Very few of the students I taught in my forty years were bad they just needed a bit of love and understanding Who cares what Socrates said when you are a student who had no supper the night before I try to be a stepping stone not a stumbling block
