Social Work Practice and Psychopharmacology Sophia F. Dziegielewska, George A. Jacinto, 2016-04-15 Praise for the Second Edition: This is a very well-written book. My students appreciated the down-to-earth style of writing. Many of my students are deathly afraid of topics that have anything to do with biology. They were assured by the lack of jargon and the fact that the chapters were written in a way that they could easily understand. I look forward to the third edition.
