National Library of Medicine Current Catalog National Library of Medicine (U.S.),1965 Estatuto jurídico de las lenguas de señas en el derecho español José Gabriel Storch de Gracia y Asensio,2018-09-17 Esta monografía desvela la situación jurídica actual de las personas con discapacidad auditiva analizando temas importantes para que las personas discapacitadas puedan desenvolverse en la sociedad con la misma naturalidad y efectividad que el resto de los ciudadanos Los autores aportan ideas que permitan a las personas con discapacidad auditiva ejercer con plenitud los derechos que les reconocen las normas publicadas en el Boletín Oficial del Estado **A Vulgar Art** Ian Brodie,2014-10-29 In A Vulgar Art Ian Brodie uses a folkloristic approach to stand up comedy engaging the discipline's central method of studying interpersonal artistic communication and performance Because stand up comedy is a rather broad category people who study it often begin by relating it to something they recognize literature or theatre editorial or morality and analyze it accordingly A Vulgar Art begins with a more fundamental observation someone is standing in front of a group of people talking to them directly and trying to make them laugh So this book takes the moment of performance as its focus that stand up comedy is a collaborative act between the comedian and the audience Although the form of talk on the stage resembles talk among friends and intimates in social settings stand up comedy remains a profession As such it requires performance outside of the comedian's own community to gain larger and larger audiences How do comedians recreate that atmosphere of intimacy in a roomful of strangers This book regards everything from microphones to clothing and LPs to Twitter as strategies for bridging the spatial temporal and sociocultural distances between the performer and the audience Readings in Urban Analysis Robert W. Lake,2017-07-05 This important work brings together a range of perspectives in contemporary urban analysis The field of urban analysis is characterized by the multiplicity of approaches philosophies and methodologies employed in the examination of urban structure and urban problems This fragmentation of perspectives is not simply a reflection of the multifaceted and complex nature of the city as subject matter Nor is it a function of the variety of disciplines such as geography planning economics history and sociology Cross cutting all of these issues and allegiances has been the emergence in recent years of a debate on fundamental issues of philosophy ideology and basic assumptions underlying the analysis of urban form and structure The notion of urban analysis Robert W Lake discusses focuses on the spatial structure of the city its causes and its consequences At issue is the city as a spatial fact a built environment with explicit characteristics and spatial dimensions a spatial distribution of population and land uses a nexus of locational decisions an interconnected system of locational advantages and disadvantages amenities and dis amenities Beginning with landmark articles in neo classical and ecological theory the reader covers the latest departures and developments Separate sections cover political approaches to locational conflict institutional influences on urban form and recent Marxist approaches to urban analysis
