Social Security In Transition:

Reforming Social Security Charles P. Blahous, 2000-08-30 Blahous contends that Social Security is ill equipped to withstand the effects of an aging population and will impose excessive tax burdens upon future Americans unless its course is changed Far from a doomsday tract however the book provides instances of proposals that would satisfactorily avert this course if only the political will is mustered to implement them Blahous argues for the program developed by the National Commission on Retirement Policy but also offers positive descriptions of plausible alternatives as well as unsparing criticism of those who would cook the books in defense of either current law or high cost alternatives Reforming Social Security is sure to disturb ideologues from all parts of the political spectrum because of its frank willingness to expose the costs of different approaches as well as the self interest so often pursued by interest groups political actors and Social Security experts An important analysis for the general public as well as policy makers and others concerned with social security issues

Welfare States in Transition Gøsta

Esping-Andersen,1996-05-21 This wide ranging comparative analysis of contemporary and future changes in welfare states looks at the different trajectories of the welfare states of Europe North America the Antipodes and the emerging scenarios in Latin America East Asia and Central and Eastern Europe Leading experts on each of these regions examine the current structures of social protection consider the causes of the current welfare state crisis and highlight evolving trends for welfare policy Different welfare states are shown to manifest different forms of crisis Among the symptoms of crisis Welfare States in Transition suggests that the effect of population ageing is exaggerated and an at least equally fundamental challenge lies in the revolution of the modern family and the changing economic role of women The contributors are sceptical about the neo liberal formula for reform not only because it increases inequality but also because it does not address the growing need for an active social investment policy to ensure against entrapment in poverty or low paid jobs *Doing Transitions in the Life Course* Barbara Stauber,Andreas Walther,Richard A. Settersten, Jr.,2022-09-14 This open access book provides a unique research perspective on life course transitions Here transitions are understood as social processes and practices Leveraging the recent practice turn in the social sciences the contributors analyze how life course transitions are done This book introduces the concept of doing transitions and its implications for theories and methods It presents fresh empirical research on doing transitions in different life phases e g childhood young adulthood later life and life domains e g education work family health migration It also emphasizes themes related to institutions and organizations time and normativity materialities such as bodies spaces and artifacts and the reproduction of social inequalities in education and welfare In coupling this new perspective with empirical illustrations this book is an indispensable resource for scholars from demography sociology psychology social work and other scientific fields as well as for students counselors and practitioners and policymakers
