**Youth, Globalization, and Society in Africa and Its Diaspora** Jepkorir-Rose Chepyator-Thomson, Akinloye Ojo, Karim Traore, Katja Sonkeng, 2020-02-11 This edited collection provides a window into Africa's diversity A wide ranging body of authors offers a valuable glimpse into the challenges and opportunities presented by globalization to the youth in Africa and its diaspora while issuing a stern call for

action to local governments to act now and tap into the energy of Africa's burgeoning youth population. In doing so, the authors expand extant literature on the continent's coping with globalization in the context of young people in various African nations. Featured in the collection are views on education, language, agriculture, sport, and technology deeply interwoven into the schooling behavior and health of youth. Specifically, these practices are found in both formal and non-formal education, agricultural production and food nutrition, computer technology, and sport's amelioration of health issues throughout Africa.

**Comparative Politics** John T. Ishiyama, 2011-03-01 By revealing the contextual conditions which promote or hinder democratic development, *Comparative Politics* shows how democracy may not be the best institutional arrangement given a country's unique set of historical, economic, social, cultural, and international circumstances. It addresses the contextual conditions which promote or hinder democratic development, reveals that democracy may not be the best institutional arrangement given a country's unique set of historical, economic, social, cultural, and international circumstances, and applies theories and principles relating to the promotion of the development of democracy to the contemporary case studies.

Europe Hans-Georg Ziebertz, Ulrich Riegel, 2008 Religion is back on the agenda. Western societies are searching for an adequate understanding of religion. Media move religion into focus as a resource of significance in modern societies but also as a source of tension and conflict. Politics is testing how to manage religious pluralism. Education is developing concepts of interreligious dialogue in order to promote a better intercultural understanding. The book discusses if the concept post-secularity allows a suitable understanding of the public presence of religion.

*Corporate Social Responsibility Disclosure in Developing and Emerging Economies* Uzoechi Nwagbara, Samuel O. Idowu, Yahaya Alhassan, 2024-10-12 This book offers a new, nuanced and comprehensive look at how CSR is practiced and disclosed in terms of corporate transparency, sustainability, and accountability from the perspective of developing and emerging economies. Given the importance and power of emerging economies in shaping global gross domestic product (GDP), entrepreneurship, and corporate investment, it is crucial to examine this phenomenon in terms of corporate sustainability and achieving the ideals of the Sustainable Development Goals (SDGs) for a more sustainable future. The book therefore addresses contextual, institutional, regulatory, and governance issues in these regions to contribute to the debate as well as a rethinking of the motivation for CSR practice and reporting. The book will be of interest to researchers, practitioners, and students.
