Volkswirtschaft. Libanon , The context of English literature Michael Bell, 1983 **Marlowe** Avraham Oz, 2003-10-21 Christopher Marlowe is known not only as Shakespeare's most notable contemporary playwright but also as one of the most intriguing figures of the English Renaissance The mystery of his death in a fray at the age of 29 has inspired writers around the world and his fiery career is no less intriguing This New Casebook offers a wide ranging selection of essays on Marlowe's major plays Articles from the last two decades by leading critics of English early modern drama provide a variety of fresh controversial and enlightening critical perspectives on five of Marlowe's plays Tamburlaine the Great Parts One and Two The Jew of Malta Doctor Faustus and Edward II **The New Elizabethan Age** Irene Morra, Rob Gossedge, 2016-09-30 In the first half of the twentieth century many writers and artists turned to the art and received example of the Elizabethans as a means of articulating an emphatic and anti Victorian modernity By the middle of that century this cultural neo Elizabethanism had become absorbed within a broader mainstream discourse of national identity heritage and cultural performance Taking strength from the Coronation of a new young Queen named Elizabeth the New Elizabethanism of the 1950s heralded a nation that would now see its modern televised monarch preside over an imminently glorious and artistic age This book provides the first in depth investigation of New Elizabethanism and its legacy With contributions from leading cultural practitioners and scholars its essays explore New Elizabethanism as variously manifest in ballet and opera the Coronation broadcast and festivities national historiography and myth the idea of the Young Elizabethan celebrations of air travel and new technologies and the New Shakespeareanism of theatre and television As these essays expose New Elizabethanism was much more than a brief moment of optimistic hyperbole Indeed from modern drama and film to the reinternment of Richard III from the London Olympics to the funeral of Margaret Thatcher it continues to pervade contemporary artistic expression politics and key moments of national pageantry **What is Masculinity?** J. Arnold, S. Brady, 2011-06-14 Across history the ideas and practices of male identity have varied much between time and place masculinity proves to be a slippery concept not available to all men sometimes even applied to women This book analyses the dynamics of masculinity as both an ideology and lived experience how men have tried and failed to be Real Men **British culture and the end of empire** Stuart Ward, 2017-03-01 This book is the first major attempt to examine the cultural

manifestations of the demise of imperialism as a social and political ideology in post war Britain Far from being a matter of indifference or resigned acceptance as is often suggested the fall of the British Empire came as a profound shock to the British national imagination and resonated widely in British popular culture The sheer range of subjects discussed from the satire boom of the 1960s to the worlds of sport and the arts demonstrates how profoundly decolonisation was absorbed into the popular consciousness Offers an extremely novel and provocative interpretation of post war British cultural history and opens up a whole new field of enquiry in the history of decolonisation *English Drama Since 1940* David Ian Rabey,2014-10-13 *English Drama Since 1940* considers the bids of successive post war dramatists to find language and images of remorseless disclosure appropriate to the public manifestation of sensed crisis and the interrogation of the ideal of renewal This book introduces the period and its discourse whilst redefining them to give proper consideration to developments of themes styles concerns and contexts from the 80s to the present The book offers succinct and analytical introductions to the work of 60 dramatists whilst arguing for re appraisal of many dates critical perspectives in order to stimulate further argument in the field *Cultural Revolution?* Bart Moore-Gilbert,Dr Bart Moore-Gilbert,John Seed,2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company **British Marxist Criticism** Victor N. Paananen,2021-12-12 *British Marxist Criticism* provides selective but extensive annotated bibliographies introductory essays and important pieces of work from each of eight British critics who sought to explain literary production according to the principles of Marxism **A Concise Companion to Postwar British and Irish Poetry** Nigel Alderman,C. D. Blanton,2014-02-03 This volume introduces students to the most important figures movements and trends in post war British and Irish poetry An historical overview and critical introduction to the poetry published in Britain and Ireland over the last half century Introduces students to figures including Philip Larkin Ted Hughes Seamus Heaney and Andrew Motion Takes an integrative approach emphasizing the complex negotiations between the British and Irish poetic traditions and pulling together competing tendencies and positions Written by critics from Britain Ireland and the United States Includes suggestions for further reading and a chronology detailing the most important writers volumes and events New Definitions of Lyric Mark Jeffreys,1998 This volume traces the modern critical and performance history of this play one of Shakespeare s most loved and most performed comedies The essay focus on such modern concerns as feminism deconstruction textual theory and queer theory Ted Hughes, Class and Violence Paul Bentley,2014-04-24 Ted Hughes is widely regarded as a major figure in twentieth century poetry but the impact of Hughes s class background on his work has received little attention This is the first full length study to take the measure of the importance of class in Hughes It presents a radically new version of Hughes that challenges the image of Hughes as primarily a nature poet as well as the image of the Tory Laureate The controversy over natural violence in Hughes s early poems Hughes s relationship with Seamus Heaney the Laureateship and Hughes s revisiting of his relationship with Sylvia Plath in *Birthday Letters* 1998 are reconsidered in terms

of Hughes's class background Drawing on the thinking of cultural theorists such as Slavoj Žižek Terry Eagleton and Julia Kristeva the book presents new political readings of familiar Hughes poems alongside consideration of posthumously collected poems and letters to reveal a surprising picture of a profoundly class conscious poet **The Routledge**

Companion to Performance Practitioners Franc Chamberlain, Bernadette Sweeney, 2020-08-16 The Routledge Companion to Performance Practitioners collects the outstanding biographical and production overviews of key theatre practitioners first featured in the popular Routledge Performance Practitioners series of guidebooks Each of the chapters is written by an expert on a particular figure from Stanislavsky and Brecht to Laban and Decroux and places their work in its social and historical context Summaries and analyses of their key productions indicate how each practitioner's theoretical approaches to performance and the performer were manifested in practice All 22 practitioners from the original series are represented with this volume covering those born before the end of the First World War This is the definitive first step for students scholars and practitioners hoping to acquaint themselves with the leading names in performance or deepen their knowledge of these seminal figures **Modern British and Irish Criticism and Theory** Julian Wolfreys, 2006-04-21 Modern British

and Irish Criticism and Theory offers the student and general reader a comprehensive critically informed overview of the development of literary and cultural studies from the nineteenth century to the present day Beginning with Coleridge and Arnold examining the contribution of cultural commentators and novelists and considering the institutionalisation of literary criticism in the universities of England Ireland Scotland and Wales the book addresses in detailed accessible and rigorous essays the rise and significance of literary and cultural studies Nearly thirty essays contribute to an understanding of the practice of literary studies presenting the reader with a perceptive series of critical interventions which themselves engage in the very locations from which criticism and theory have emerged A further reading list accompanies each chapter

Expressions of Indigenous and Local Knowledge in Africa and its Diaspora Akinloye Ojo, Mobolanle Sotunsa, Karim Traore, 2016-06-22 Expressions of Indigenous and Local Knowledge in Africa and its Diaspora provides critical discourses on Africa and the various configurations of its reflections in folklore literature music languages and philosophy The collection through its selected works focuses on the African continent in terms of preserving the unique identity of African Indigenous and Local Knowledge In reality this preservation effort is confronted by a number of challenges within today's increasingly globalized and westernized world This book documents ongoing scholarly discussion on the paradoxical dynamics of preserving this identity and consequently enhancing the relevance of African Indigenous and Local Knowledge This volume articulates the representation of knowledge and values lodged in the diverse knowledge systems in Africa and its diaspora and which are constantly expressed in local and global spaces It highlights the prejudicial assessment of African Indigenous knowledge systems that has ensured that Western epistemological systems are internationally recognized and supported while African epistemological systems are denigrated discouraged or simply ignored even on the African continent Given that

the term expressions entails making something known or manifest this edited collection is assembled to make known some of the elements of indigenous and local knowledge as well as the practices that these elements necessitate both historically and contemporarily in the African situation

Real Toads in Imaginary Gardens Maureen Whitebrook,1995 Maureen Whitebrook argues that literature through both its form and its content can expose and criticize liberal theory and point beyond it to a new political theory She describes how literary political criticism might be done and demonstrates such criticism in four essays that expose the connections between specific political and literary texts Fiction Whitebrook concludes does a better job than liberal political theory of examining the relationship between the individual and the State

In Black and Gold ,2022-06-08 In Black and Gold indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual quest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world

Exploring Human Geography Stephen Daniels,Roger Lee,2014-05-01 A lively and stimulating resource for all first year students of human geography this introductory Reader comprises key published writings from the main fields of human geography Because the subject is both broad and necessarily only loosely defined a principal aim of this book is to present a view of the subject which is theoretically informed and yet recognises that any view is partial contingent and subject to change The extracts selected are accessible and raise issues of method and theory as well as fact The editors have chosen articles that not only represent main currents in the present flow of academic geography but which are also responsive to developments outside of the discipline Their selection contains a mixture of established and recent writings and each section features a contextualizing introduction and detailed suggestions for further reading

The Shakespeare Myth Graham Holderness,1988 Q Is the Shakespeare connection a a family tree b a drug racket c a railway journey A It is all three From the Carling Black Label television advertisement to the design of the 20 note from Tony Hancock and Edna Everage to the Stratford Memorial Theatre from O level exam question to Zeffirelli on the big screen Shakespeare has permeated English life like no one before or since The plays and their legendary author function and flourish in more varied and diverse forms than are usually reckoned Through

post structuralist linguistics historiographical research psychoanalytic theories and feminist sexual politics radical criticism exposes the existence of a culturally produced and historically determined Shakespeare myth This anthology of specifically commissioned essays and interviews directly addresses that myth as it works through ideology popular culture sexual politics and the institutions of theatre education and broadcasting It demonstrates how the Shakespeare myth functions in contemporary culture as an ideological framework for containing consensus and for sustaining delusions of unity integration and harmony in the cultural superstructures of a divided and fractured society For every particular present Shakespeare is here now always what is currently being made of him to disclose the process of that making is the object of The Shakespeare myth Back cover
