Sociological Aspects Of Drug Dependence:

Sociological Aspects of Drug Dependence Charles Winick, 1974 *The Sociology of American Drug Use* Charles E. Faupel, Gregory Weaver, 2004 Unlike most texts about drug use which are written either from a counseling psychology or physiology pharmacology point of view *The Sociology of American Drug Use* mainstreams the coverage for sociology and criminology programs and at the same time provides a broader sociological perspective on drug use Much of this material comes from Charles Faupel's own research experience among street heroin addicts on the East coast several chapters offer an ethnographer's perspective on the specific issues addressed while at the same time maintaining a focus on the basics of this substantive field *Social and Medical Aspects of Drug Abuse* G. Serban, 2012-12-06 The phenomenon of drug abuse is part of the human experience that extends as far back in time as recorded history exists Today however it has a new and much greater dramatic urgency The reasons for this are multiple and worrisome Last year of the total of approximately 1.9 million total deaths that occurred in the United States a conservative estimate is that more than one quarter were premature deaths due to the addictive disorders These include over 300 000 deaths related to cigarette smoking which represents in many respects the prototypic addiction in this country over 200 000 deaths related to alcohol and many more related to multiple other drugs licit and illicit that are abused in this society Twenty five years ago drug use was essentially unknown in our school age population In 1960 a tragic increase of drug use in our young people began so that by 1978 more high school seniors were current users of marijuana than of cigarettes Despite the fact that the use of most drugs by high school populations appears to have peaked in the late 1970s and to be decreasing at the present time most experts still believe that drug use by American young people represents the highest level of that found in any Western developed country
